

<u>Botanical Name</u>	<u>Common Name</u>	<u>Description</u>	<u>Sun Exposure</u>	<u>Height x Width</u>	<u>Bloom Color</u>	<u>Bloom Time</u>	<u>Price</u>
Perennials							
Achillea x. 'Paprika'	Yarrow	Enjoy a rich profusion of bright ruby-red blooms with a yellow eye in your garden for several months.	Full Sun	18-24" h x 24" w	Red	June-August	
Aconitum fischeri	Monkshood	This species has particularly strong stems that will not require staking. The distinctive, deeply divided, dark green, glossy foliage provides interest when the plant is not in bloom.	Full Sun to Part Shade	18-24"h x 12-18"w	Purple	September-October	
Adiantum pedatum	Maidenhair Fern	Dainty, bright green fronds are held aloft on shiny black stems, creating a light, airy texture in the woodland garden. In rich soil and bright shade it will spread by shallow rhizomes to form a dense groundcover	Part Sun to Full Shade	12-24"h x 12-18"w			
Agastache 'Apricot Sprite'	Anise Hysop	This dwarf, compact cultivar produces bright peach apricot flowers all summer. Upright habit with edible, grey-green foliage. Attracts butterflies, hummingbirds and very fragrant.	Full Sun	18" h x 20" w	Apricot	July-August	
Agastache 'Blue Boa'	Anise Hysop	This outstanding selection is unlike any other Agastache. It features long, deep violet-blue flower spikes that are wide and extremely showy. Upright, clumping habit and bright green, fragrant foliage. Use in containers or tubs, or integrate in the perennial border.	Full Sun	20-24" h x 14-16" w	Violet	June-September	
Agastache 'Bolero'	Anise Hysop	Attractive to hummingbirds and butterflies. Drought tolerant once established.	Full Sun	20-24" h x 14-16" w	Violet	June-September	
Agastache 'Kudos Mandarin'	Anise Hysop	Darker bronze foliage and vivid rose purple flowers with purple calyxes set this new variety apart. Forms a compact, branched clump of aromatic, slug and deer resistant foliage. Well-adapted to dry soils.	Full Sun	16" h x 24" w	Purple	July-August	
Agastache 'Kudos Yellow'	Anise Hysop	Cheery, bright orange plumes that last and last. This plant has a "neat as a pin" appearance for many months.	Full Sun	20"h x 16"w	Orange	July-September	
Ajuta repetans 'Blueberry Muffin'	Bugleweed	Large, dense inflorescences of yellow flowers adorn this wonderfully compact Agastache. Like the others in the KUDOS™ Series, this plant is hardy to Zone 5 and is naturally resistant to downy mildew.	Full Sun	24" hx 24" w	Yellow	June-September	
Ajuga r. 'Bronze Beauty'	Bugleweed	An extremely vigorous small-leaved groundcover with dark new leaves and blueberry-blue flowers on eight inch spikes. A much faster and stronger grower than A. 'Chocolate Chip'. Leaves are thicker and more weather resistant.	Full Sun to Part Shade	6-10" h x 18" w	Blue	June-July	
Ajuga r. 'Burgundy Glow'	Bugleweed	Attractive and vigorous bronze foliage ground cover with deep blue flower spikes.	Full Sun to Part Shade	8" h x 12-18" w	Violet	May-June	
Ajuga r. 'Pink Elf'	Bugleweed	'Burgundy Glow' features tricolored foliage (white, pink and green) and blue flowers on 6" spikes in late spring. In mass plantings, the flower effect can be very dramatic.	Full Sun to Part Shade	6-9"h x 6-12" w	Blue	May-June	
Allium caeruleum	Ornamental Onion	Stout spikes of mauve flowers in spring with some repeats in autumn. Thick matting groundcover that suppresses weeds and carpets the ground with deep green leaves. Ideal under trees and shrubs to carpet out weeds, as grows in sun or shade, wet or dry. Neglect proof and easy. Frost hardy.	Full Sun to Full Shade	6" h x 12" w	Pink	April-May	
Allium 'Millenium'	Ornamental Onion	RHS Award of Garden Merit. "The blue of the heavens.' 1 1/2", sky blue, round flower heads in June. Plant in the rock garden or among perennials; may experience summer dormancy.	Full Sun to Part Shade	12-15" h x 12" w	Blue	May-June	
Allium senescens 'Blue Eddy'	Ornamental Onion	Compact upright clump of glossy, thick, green leaves with 5cm (2") rose-purple ball clusters appearing just above the foliage on strong stems in mid to late summer. Easy to grow. Leaves have a slight onion smell when crushed. Flowers are attractive to butterflies.	Full Sun to Part Shade	20" h x 14" w	Pink	May-June	
Amsonica 'Blue Ice'	Bluestar	This selection was named for its attractive, pinwheel-like rosettes of blue-grey to grey-green foliage which resemble "small swirling eddies of water". It forms a very compact clump of strongly swirling leaves which range a bit in color depending on the season and sunlight.	Full Sun to Part Shade	8-12" h x 8-12" w	Pink	September-October	
Amsonia hubrichtii	Bluestar	Clusters of plump navy blue buds open to large, vivid periwinkle blue, star-shaped flowers. Broader, bright green leaves turn yellow in fall and form a compact clump.	Full Sun	12-16" h x 24" w	Blue	May-June	
Amsonia tabernaemontana 'Storm Cloud'	Bluestar	A southern native with very narrow, needle-like leaves that line the stems like bottle brushes. Produces 2-3" clusters of small, light blue, star-shaped flowers. Valued for its golden-yellow fall color.	Full Sun	36" h x 24-36" w	Blue	May-June	
Anemone 'Curtain Call Pink'	Anemone	Watch in spring as incredibly dark stems emerge from the ground. Olive green leaves have silver veins. Star-shaped, periwinkle blue flowers appear atop of the wide, mounding, shrub-like habit.	Full Sun	24-30"h x 38-42"w	Blue	May-June	
Aquilegia x hybrida 'Songbird Blue Jay'	Columbine	This fall blooming Anemone is one of the final performers in your garden for the growing season. Beginning in late summer, this perennial produces bright rose pink flowers that are positioned right above a small mound of green foliage. Spreads by underground rhizomes.	Full Sun to Part Shade	14-18"h x 16-18"w	Pink	September	
Aquilegia x hybrida 'Songbird Goldfinch'	Columbine	Free-flowering, medium-compact plants have eye-catching, 1.5 to 3.5-in. blooms in true, nonfading colours in late Spring and early Summer. Large, light blue and white flowers. 11 in. tall.	Full Sun to Part Shade	11-18"h x 10-14"w	Lt Blue	May	
Aralia cordata 'Sun King'	Japanese Spikenard	Upward facing large primrose yellow blooms above compact, fern-like gray-green foliage. This free-flowering perennial is especially lovely when allowed to naturalize in shady, woodland borders. An excellent cut flower, lasting up to two weeks in a vase.	Full Sun to Part Shade	12-18" h x 12-16" w	Yellow	May	
Armeria s. 'Splendens'	Common Thrift or Sea Pink's	Shade, forms a dazzling 3' tall x 3' wide clump that emerges in mid-spring with bright gold compound leaves. With a few hours of sun, the foliage remains bright gold through the summer, at which time the clumps are topped with 2' tall spikes of tiny white flowers followed by black fruit.	Part Shade	24-36" h x 30-36" w	White	August	
Asarum splendens	Wild Ginger	Rose -pink flowers appear in late spring over deep green grassy foliage. Native to coastlines where few other plants can handle the high salt concentration.	Full Sun	6-8" h x 12" w	Pink	May-June	
Asclepias i. 'Cinderella'	Swamp Milkweed	It forms a clump of arrowhead-shaped leaves, dark green with handsome silver markings, similar to a Cyclamen. Deep purple-brown flowers hide among the leaves in spring. Evergreen in mild winter regions.	Full Shade to Part Shade	6-8" h x 8-12" w	Brown	April-May	
Asclepias i. 'Ice Ballet'	Swamp Milkweed	A hassle-free perennial offering three months of vanilla scented, rose-pink flowers in 3-4", compact clusters followed by typical milkweed seed pods. Clump former and spreads by rhizomes. Non-invasive	Full Sun to Part Shade	3-5' h x 2' w	Pink	July-September	
Asclepias tuberosa	Swamp Milkweed	A marvelous long-blooming selection with clear white flowers and dark green foliage make the colors of the hundreds of visiting butterflies glisten in the sunlight.	Full Sun	3-4' h x 18-24" w	White	July-September	
Astilbe a. Colorflash'	False Spirea	One of the most striking of all wildflowers, the brilliant orange flowers of the Butterflyweed appear in mid-summer and are a real magnet for butterflies.	Full Sun	24-28" h w 12-18" w	Orange	July-September	
Astilbe a. 'Snowdrift'	False Spirea	Brilliant electric green foliage emerges in early spring, soon maturing to a palette of burgundy, purple and green. In fall, foliage turns vibrant gold, orange and russet colors. Group in flower beds or spot in mixed containers. Tolerates more sun than other varieties, making it much more versatile in the garden.	Part Shade to Part Sun	12-18" h w 18" w	Pink	July-September	
Astilbe c. Amber Moon	False Spirea	A classic white Astilbe with wide, diamond-shaped plumes. The shiny, green leaves remain attractive even when the plant is not in bloom.	Full Shade	24" h x 24" w	White	June-July	
Astilbe c. 'Little Visions in Pink'	False Spirea	This Chinese Astilbe hybrid is enchanting all season long! The lacy foliage comes on in spring chartreuse with a tinge of red. The leaves are bright notes against the darker greens of most garden plants. In midsummer the flowers arrive--rosy pink panicles borne on long, upright red stems.	Full Shade	24" h x 24" w	Pink	June-July	
Astilbe c. 'Visions in Red'	False Spirea	Perfectly sized for containers or the border's edge. Fuzzy, pyramidal shaped, rose pink plumes are presented atop the clump of dark green foliage.	Full Shade	14-16" h x 20" w	Pink	June-July	
Astrantia major 'Star of Magic'	Masterwort	Deep red buds open to pinkish-red flowers on dense, fuzzy plumes. Red stems and bronze-green foliage enhance the vibrant blossoms. Forms a robust clump.	Full Shade to Part Shade	15" h x 18" w	Red	June-July	
Athyrium n. 'Burgundy Lace'	Japanese Painted Fern	Masterwort is a real workhorse in the garden, flowering for a good part of the summer. Clumps of variegated foliage support many maroon star flowers.	Full Sun to Part Shade	18-24" h x 15-18" w	Pink	June-August	
Athyrium n. 'Godzilla'	Japanese Painted Fern	'Burgundy Lace' is noted for its showy spring fronds that emerge in a soft but stunning burgundy-purple with silver streaking. Fronds gradually mature to grayish-green, but retain purple mid-ribs and silvery sheen.	Full Shade to Part Shade	18" h x 12-18" w			
		It forms a massive, arching clump of silvery fronds with green highlights and dark purple stems. Like the Lady Fern, 'Godzilla' spreads slowly where it is happiest in moist, loamy soils.	Full Shade to Part Shade	36" h x 48-60" w			

Baptisia australis	Wild Blue Indigo	Long-lived, blue, lupine-like flowers with blue-green foliage that holds up great through the season. Black seed pods form in fall to make great winter interest or cutting for dried floral arrangements. This plant will take three years to reach its potential so be patient; it also resents being moved.	Full Sun	3' h x 3' w	Blue	May-June
Baptisia 'DECADENCE Lemon Meringue'		Impressive vigor compared to other yellow Baptisia. Forms an upright, vase shaped mound of attractive blue-green foliage topped with long, charcoal stems carrying charcoal buds and lemon yellow flowers.	Full Sun	36" h x 24" w	Yellow	May-June
Bergenia c. 'Sakura'	Pig Squeak	These pink semi double flowers reminded us of cherry blossoms and "Sakura" means "cherry blossoms" in Japanese. DRAGONFLY™ 'Sakura' has a compact habit like B. 'Pink Dragonfly' but with double to semi-double pink flowers. Besides the lovely double pink flowers in spring, it is evergreen with purple black winter leaves.	Full Sun to Part Shade	10" h x 12" w	Pink	March-April
Bergenia c. 'Winter Glow'	Pig Squeak	Shiny, evergreen, cabbage-like leaves with a unique leathery appearance. Turns reddish-bronze in fall and winter. Bright pinkish-red flowers in clusters on thick stems. A durable groundcover. Over the winter the foliage will remain healthy and burn free although brushed with color highlights. A winter mulch is suggested for all varieties.	Full Shade to Part Shade	12-15" h x 12-18" w	Purple	April-May
Brunnera m. 'Alexander's Great'	Siberian Bugloss	These gigantic plants have heavily silvered leaves and make a dramatic statement in the landscape or use as a dynamic specimen in a container.	Full Shade to Part Shade	14" h x 30" w	Blue	April-May
Brunnera m. 'Jack Frost'	Siberian Bugloss	A stunning perennial for the shade. Silver, heart-shaped leaves with prominent green veins form a rounded clump. Blue forget-me-not like flowers in spring.	Full Shade to Part Shade	12-15" h x 18" w	Blue	April-May
Buddleia d. 'Black Knight'	Butterfly Bush	Spectacular summer color from dark, violet-purple flower spikes. Fragrant flowers attract wildlife. Good background or accent plant. Deciduous. Slightly harder than other varieties, but may die to ground in cold winter areas, emerging vigorously in spring.	Full Sun	6-8'h x 4-6"w	Purple	July-September
Buddleia d. 'First Edition Funky Fushia'	Butterfly Bush	With a rounded to upright, tidy habit, Funky Fuchsia boasts dark green foliage and rich reddish-pink flowers that are fragrant, upright and non-sterile. This Butterfly Bush blooms into fall if deadheaded and is easily rejuvenated by pruning back to 12" tall.	Full Sun	6-8' h x 6-8' w	Dk Pink	June-September
Buddleia d. 'Humdinger Little Nugget'	Butterfly Bush	Brilliant gold foliage and its contrasting magenta purple flowers will deepen to blue-purple will age and will appear earlier in the season than the typical Butterfly Bush. The low, wide habit is perfect for fitting into your sunny garden.	Full Sun	3' h x 4' w	Purple	July-September
Buddleia d. 'Lo & Behold Blue Chip Jr'	Butterfly Bush	A dwarf, slightly spreading habit with rich lavender blue flowers fragrant flowers provide color from summer until frost, without deadheading! 'Blue Chip Jr.' is a drought tolerant and deer resistant garden plant.	Full Sun	1-2' h x 1-2' w	Blue	July-September
Buddleia d. 'Pink Delight'	Butterfly Bush	Spectacular summer color from conical clusters of fragrant, bright pink flowers. An easy background or accent plant with a compact habit, perfect for a sunny perennial border, cutting garden or container. May die to the ground in cold winter areas, emerging vigorously in spring.	Full Sun	6-8'h x 4-6"w	Pink	June-September
Campanula poscharskyana	Serbian Bellflower	This plant has star-shaped, pale-blue flowers. It is a good, low-growing perennial for the edge of the shade border.	Full Sun to Part Shade	6-8" h x 12" w	Blue	May-June
Campanula p. 'Purple Sensation'	Siberian Bellflower	Very dark purple flowers opening from near-black buds. Compact plants with a good branching habit.	Full Sun to Part Shade	14-16" h x 14-16" w	Purple	May-June
Caryopteris c. 'Sapphire Surf'	Blue Mist Shrub	When in bloom, lovely dark blue flowers completely cover this low mounded shrub. Numerous inflorescences appear along the side of the plant thus enhancing the entire floral effect. Dazzling blooms and compact growth make this especially suitable for mass plantings or mixed into the perennial border as a charming accent plant.	Full Sun	24" h x 24-30" w	Blue	July-September
Ceratostigma plumbaginoides	Leadwort or Plumbago	Good ground cover, especially over bulbs as it awakens late spring. In late summer the brilliant blue blooms are captivating. Deep green foliage turns to red hues in fall. This plant would benefit from a winter mulch.	Full Sun to Part Shade	18-24" h x 12" w	Blue	September-October
Cimicifuga s. 'White Pearl'	Bugbane	Pure white, very fragrant flowers appear in late summer to early fall make this beautiful garden selection.	Full Shade to Part Shade	36" h x 36" w	White	August-September
Convallaria m. 'Prolificans'	Lily of the Valley	Sought-after, double-flowered form. Fragrant! White, waxy, bell-shaped flowers on arching stems. Upright, elliptic foliage plants are useful as groundcover.	Full Shade to Part Shade	4-6" h x 8-10"	White	April
Convallaria m. 'Rosea'	Lily of the Valley	This is a delightful and rather rare variation on an old-fashioned favourite. Plants form a clump of large green leaves, bearing short spikes of fragrant baby-pink bells in late spring.	Full Shade to Part Shade	4-6" h x 12-18" w	Pink	April
Coreopsis 'Big Bang Star Cluster'	Tickseed	Star Cluster produces star studded white blossoms all summer long. Flowers continue to bloom into the fall, developing a purple eye at the base of each petal, and finally an edge of purple to the petals as the weather cools. Very easy to grow.	Full Sun	15-18" h x 15-18" w	White	June-September
Coreopsis 'Li'l Bang Red Elf'	Tickseed	Very large, rich red flowers. Dwarf, mounded habit. Long blooming.	Full Sun	12" h x 20" w	Red	June-September
Coreopsis g. 'Jethro Tull'	Tickseed	Golden-yellow flowers adorn this floriferous perennials in late spring and summer. Thick green foliage.	Full Sun	18" h x 24" w	Yellow	June-July
Coreopsis g. 'Solonna Glow'	Tickseed	Also known as Tickseed. The Solanna™ Series features a compact, low mound of green leaves bearing many upright stems of single, soft yellow blooms with rich, orange centres. Blooms continuously from early spring through late fall.	Full Sun	10-12"h x 12-18"w	Yellow	May-September
Coreopsis v. 'Crazy Cayenne'	Tickseed	Stunning electric-orange blooms over soft green threadleaf foliage on a tight, compact plant. Blooms from early summer through fall. This Coreopsis has a bold and vibrant color that will catch your eye from a distance. 1 ½" wide, golden yellow flowers with clear, dark red eyes have wider petals. The rounded, compact habit has excellent flower coverage, looking like a blanket of flowers. Bright green, threadleaf foliage.	Full Sun	15-18"h x 20-24"w	Orange	June-September
Coreopsis v. 'Curry Up'	Tickseed	Large 2", yellow flowers with a blood-red eye top well-branched, upright plants for midsummer. In fall, the red pigment bleeds out onto the petals, becoming the dominant color. A great new addition to any garden.	Full Sun	15-18" h x 20-24" w	Yellow	May-September
Coreopsis v. 'Rt. 66'	Tickseed	The flower performance of an annual in a perennial that over-winters well! Chipper little 1-2" flowers proliferate on tidy, mounded plants that bloom and keep their shape.	Full Sun	24-28" h x 24" w	Yellow	May-September
Coreopsis v. 'Uptick Cream'	Tickseed	Enjoy three seasons of neon-bright color from this hardy, sun-loving succulent. Exceptionally drought, heat and humidity tolerant. Forms a lush, ground hugging mat, good for mass planting and erosion control in lean, poor soils. Non-invasive. Great container or rock garden accent. Evergreen.	Full Sun	12-14"h x 12-14"w	Cream	June-September
Delosperma c. 'Periodot'	Hardy Ice Plant	As long as the sun is out, this sturdy little perennial will shine! Bright, multi-colored flowers are fringed with ruby red tips. Forms a dense, weed-smothering mat, perfect as ground cover or accent for rock garden or containers. Hardy and adaptable, yet non-invasive.	Full Sun	4-6" h x 15-20" w	Multi	June-August
Delosperma c. 'Ruby'	Hardy Ice Plant	Large spikes of semi-double true blue flowers. Strong stems carry the blossoms above the dark green deeply dissected foliage in early summer and then again in late summer to early fall. Very heat tolerant and cold hardy to zone 3.	Full Sun to Part Shade	30-36" h x 18-24" w	Blue	May-August
Delphinium e. 'Million Dollar Blue'	Delphinium-Hybrid Bee	Incredibly vibrant pink flowers with a spicy clove-like fragrance cover the compact mound of evergreen, glaucous blue-grey leaves in early summer. Often reblooms in early fall.	Full Sun	7" h x 12" w	Pink	May-September
Dianthus 'Neon Star'	Cheddar Pinks	This compact selection is especially popular as an edging plant, or in the rock garden. It forms a low cushion of olive-green leaves, bearing masses of small, fragrant double rose-pink flowers in late spring. Drought tolerant once established.	Full Sun	2-4" h x 8-12" w	Pink	May-June
Dianthus 'Tiny Rubies'	Cheddar Pinks	Billowy mounds of bright rose pink flowers crowd over the lacy blue-green foliage to greet you in the garden. Vigorous and very hardy, 'Amore Rose' will please everyone with the abundant flowers and extended bloom time. So many flowers, so little effort!	Full Shade to Part Shade	9" h x 14" w	Pink	May-August
Dicentra 'Amore Rose'	Bleeding Heart	Lance-shaped leaves with drooping, tubular, soft yellow flowers that appear in small clusters at the stem ends in April. Flowers give way to black berries that ripen in late summer. Foliage will sometimes turn an attractive yellow in fall, particularly in climates with cool summer temperatures.	Full Shae to Part Shade	24-30" h x 8-12" w	Yellow	April
Disporum flavens	Fairy Bells	Lustrous young orange fronds light up against the glossy, deeper green coloring of the mature fronds. Best leaf color is achieved in part sun. Tolerates a wide range of growing conditions once established.	Full Shade to Part Shade	2' h x 2' w		
Dryopteris e. 'Brilliance'	Brilliance Autumn Fern	Sometimes it comes all together in an Echinacea - wonderful habit, compact size, and charming, red shuttlecock-shaped flowers that look like they want to fly away! Dark cones add to the appeal of this wonder. Attracts butterflies in summer and seed hunting birds in the fall.	Full Sun	18-25" h x 22" w	Red	July-September
Echinacea 'Firebird'	Coneflower					

Echinacea 'Glowing Dream'	Coneflower	A hybrid Coneflower, glowing watermelon-pink petals surrounding a large, orange-brown cone. Fragrant. Lots of blooms over a long season. Plant habit is compact and well-branched. Ideal for sunny borders and growing in mixed containers. Attractive to butterflies.	Full Sun	16-23"h x 18-20"w	Pink	June-September
Echinacea 'Julia'	Coneflower	This Coneflower features large, fragrant, tangerine petals surrounding a prominent deep copper cone and because of its colour, was named after a European butterfly by the same name. Long blooming. Plant habit is well-branched, strong and bushy.	Full Sun	18" h x 16" w	Orange	July-September
Echinacea 'Now Cheesier'	Coneflower	This deep, golden yellow Echinacea has melting cheddar blooms that lighten slightly after weeks of heat. Blooms all summer from well branched stems.	Full Sun	26" h x 24" w	Yellow	July-September
Echinacea 'Playful Meadow Mama'	Coneflower	Raspberry pink blooms, tipped in white look like berries dipped in white chocolate. A red cone compliments the petal colors perfectly and makes for a delicious combo to nurture and feed your gardening desires.	Full Sun	20-24"h x 18-24"w	Pink	June-August
Echinacea 'PowWow White'	Coneflower	Big, pure white flowers with yellow-gold centers brighten the garden from early summer to fall. Forms a neat, compact mound with sturdy upright stems that need no deadheading. Perfect for beds, mixed borders and containers. Drought tolerant once established.	Full Sun	20"h x 18" w	White	June-August
Echinacea 'Ruby Giant'	Coneflower	Strong flower stems boast huge 5" wide fragrant blooms. This clonal selection has a double row of petals held horizontally for maximal impact. Blooms all summer into fall.	Full Sun	20-36"h x 26"w	Red	July-September
Echinacea 'Sombrero Lemon Yellow'	Coneflower	A new series of Coneflower bred to produce well-branched, sturdy and compact plants featuring a high bud count. This selection produces very large, single flowers with bright lemon yellow overlapping petals surrounding a large brown cone.	Full Sun	24"h x 21"w	Yellow	June-August
Echinacea 'Sombrero Salsa Red'	Coneflower	Big, bright red blooms for an easy, colorful summer border. A must-have for sunny gardens, this drought tolerant perennial was bred for cold hardiness and compact form with prolific flowering over an exceptionally long season.	Full Sun	24-26"h x 16-22"w	Red	June-August
Echinacea 'Tangerine Dream'	Coneflower	A hybrid Coneflower, featuring wide, overlapping, bright tangerine-orange petals surrounding a large rust-brown, button-shaped cone. Flowers have a lovely honey fragrance.	Full Sun	29"h x 23"w	Orange	June-August
Echinacea 'Virgin'	Coneflower	The large and fragrant blooms have a row of clear white petals surrounding a large central cone of mossy green. Flowering begins in midsummer and continues for weeks if faded blooms are regularly removed.	Full Sun	23"h x 18"w	White	June-August
Echinops ritro/Veitch's Blue'	Globe Thistle	Globular, thistle-like, deep steel blue flower heads bloom at the stem tops in summer. Coarse, spiny, deeply-dissected, gray-green leaves are white tomentose beneath.	Full Sun	36"h x 24"w	Blue	July-September
Epimedium x rubrum	Red Barrenwort	In this selection, plants form a bushy mound of dark green leaves, bearing sprays of cherry-red flowers in mid to late spring.	Full Shade to Part Shade	8-12" hx 12-18" w	Red	April-May
Epimedium x 'Fire Dragon'	Red Barrenwort	Extraordinary color combination of yellow and light-purple flowers over green foliage.	Full Shade to Part Shade	14" h x 12" w	Pink/Yellow	May-June
Eupatorium d. 'Baby Joe'	Joe-Pye Weed	It forms a bushy upright mound of coarse dark-green leaves, bearing large umbrella-like heads of magenta-pink flowers in late summer. A magnet to butterflies, suitable for planting in moist to wet areas.	Full Sun	30" h x 36" w	Pink	August-September
Eupatorium f. 'Capri'	Joe-Pye Weed	This dwarf variegated Eupatorium plays well with others in containers and in the garden. Frilled, feather-like foliage is emerald green, lined and edged with soft cream and kissed with pink and rose. Tiny, lavender pink flowers come mid-summer and make butterflies very happy!	Full Sun to Part Shade	21-24"h x 18"w	Pink	September-October
Euphorbia 'First Blush'	Cushion Spurge	Yellow flowers with chartreuse bracts at the ends of the stems from mid to late spring. Narrow leaves emerge rose in spring, turning green in color with showy white variegation and tinges of pink. Foliage turns a gorgeous brick red in the fall.	Full Sun to Part Shade	12" h x 18" w	Yellow	April
Euphorbia p. 'Bonfire'	Cushion Spurge	Foliage begins green, quickly changing to deep maroon red. Flower heads have bright yellow bracts in spring and are particularly showy against the dark leaves.	Full Sun to Part Shade	12" H X 18" W	Yellow	April
Filipendula 'Red Umbrella'	Meadow Sweet	A hybrid Filipendula, compact, maple-shaped green leaves with red veining and umbels of pink flowers.	Full Sun to Part Shade	24-30"h x 18-24"w	Pink	June-July
Gaillardia a. 'Sun Devil'	Blanket Flower	Brightly colored flowers with fluted red petals are a vibrant yellow at the tips. 'Sun Devil' is a strong, compact plant that truly shines in containers or in hot, dry areas of the garden.	Full Sun	8" h x 12" w	Red/Yellow	May-October
Gaura l. 'Whirling Butterflies'	Wandflower	Airy panicles of white flowers like tiny butterflies emerge from pink buds, dancing on slender stems all season long. Blooms age to rosy-pink.	Full Sun	24-36" h x 24-36" w	White	July-September
Gentiana septemfida var. lagodechiana	Gentian	RHS Award of Garden Merit. Intense blue flowers on this easily grown, fall blooming Gentian from Asia Minor. For border, rock, and wild gardens.	Full Sun to Part Shade	6-10" h x 10" w	Blue	June-September
Geranium 'Blue Sunrise'	Cranesbill	Compact variety with silver-blue flowers. Young foliage is orange and then yellow before turning green. Very long blooming - until frost.	Full Sun	16" h x 20" w	Blue	May-August
Geranium 'Rozanne'	Cranesbill	Huge, glowing violet blue, saucer-shaped flowers with distinctive white eyes and reddish-purple veining are held above mounds of deep green foliage that is slightly marbled with chartreuse.	Full Sun to Part Shade	18-20" h x 24-36" w	Purple	May-September
Geranium p. 'Purple Heron'	Cranesbill	Deeply cut dark purple leaves keep their color throughout the season and sport lavender-blue flowers.	Full Sun to Part Shade	10-18" h	Lavender	May-September
Geranium sanguineum 'Alpenglow'	Cranesbill	Cup-shaped, lavender-pink flowers appear above a carpet of deeply lobed, green foliage from late spring thru midsummer. This is an especially strong grower and long-blooming selection, and it will benefit from being deadheaded.	Full Sun to Part Shade	12-18" h x 18" w	Pink	June-July
Geranium s. 'Max Frei'	Cranesbill	This compact variety forms a low mound of fine-textured green foliage, bearing a nice display of bright magenta-pink flowers in late spring and well into the summer.	Full Sun to Part Shade	6-8" h x 18-24" w	Pink	May-August
Geranium s. 'New Hampshire Purple'	Cranesbill	Noted for its deep magenta flowers (3/4" diameter) and deeply lobed, dark green leaves. It primarily blooms in late spring with additional sporadic bloom usually occurring throughout summer. Foliage often turns attractive shades of red in autumn.	Full Sun to Part Shade	9-12" h x 12-18" w	Maganta	May-June
Geranium w. 'Rise and Shine'	Cranesbill	Lilac blue flowers with white center surrounded by a dark ring. Blooms until frost.	Full Sun to Part Shade	6-8" h x 8" w	Lavender	May-July
Geranium x c. 'Thumping Heart'	Cranesbill	Beautiful pink flowers with an almost black heart that bleeds purple onto the petals. Blue green foliaged ground cover.	Full Sun to Part Shade	4-6" h x 9-12" w	pink	May-August
Geum f. Double Sunrise	Aven	Gorgeous, double yellow blooms, which rise above clumps of foliage on thin, wiry stems are free-flowering on this tough and reliable addition to perennial borders where it will bloom non-stop from early summer right through until early autumn.	Full Sun	20" h x 18" w	Yellow	May-August
Geum f. 'Fire Storm'	Aven	This vigorous, compact and long blooming plant is easy to grow in almost any garden. Sensational!	Full Sun	12-14" h x 16-18" w	Orange	May-August
Helenium 'Double Trouble'	Sneezeweed	The first double-flowered Helenium produces sunny yellow, double blooms on very strong stems. Long bloomer.	Full Sun	32" h x 16" w	Yellow	July-September
Helleborus 'Amber Gem'	Lenten Rose	A double apricot dream! Blooms are yellow infused and blushed with red like a ripe apricot. Perhaps the rarest of colors in Hellebores. A delight in the winter garden. Deer resistant!	Full Sun to Full Shade	12-14" h x 24" w	Apricot	March-May
Helleborus 'Peppermint Ice'	Lenten Rose	These large, double, pink picotees are so sweet! Flowers are a fluffy, light pink with a rim of darker pink edging. Dark pink on the back of the tepals adds to the appeal. Shade tolerant and deer resistant!	Full Sun to Full Shade	12-14" h x 24" w	Pink	March-May
Hemerocallis 'Bela Lugosi'	Daylily	Widely regarded as one of the best purple daylilies on the market. Outstanding saturated true purple blooms with a lime-green throat. Very sunfast for such a dark color. A strong grower, well-branched, and heavily budded.	Full Sun to Part Shade	33" h x 26" w	Purple	July
Hemerocallis 'Bestseller'	Daylily	A compact, extra-fancy daylily that's perfect for perennial gardens and containers. The flowers have wide, lavender-pink petals trimmed with yellow ruffles, and are lit up by a glowing yellow-green throat. Blooms midseason and reblooms on and off right until frost.	Full Sun to Part Shade	24" h x 18" w	Purple	July-October
Hemerocallis 'Big Time Happy'	Daylily	This lovely variety has large (4 inch) soft lemon-yellow blooms with ruffled edges and a green throat. Flowering continues constantly from May to frost. Diploid.	Full Sun to Part Shade	16-18" h x 18-24" w	Yellow	June-October
Hemerocallis 'Blackthorne'	Daylily	Large flowers featuring a broad eyezone and ruffled petal edges. Reliable repeat bloomer of rich cream flowers. Semi-evergreen.	Full Sun to Part Shade	24" h x 18-24" w	Cream	July-October

Hemerocallis 'Cheese & Wine'	Daylily	Tetraploid. This fragrant gem is a lovely combination of all things decadent. The deep orchid-mauve petals have a lighter orchid halo and a creamy-cheese colored center. The ruffled blooms are 5 inches across and have good presence in the landscape.	Full Sun to Part Shade	24" h x 36" w	Purple	July
Hemerocallis 'Earlybird Oriole'	Daylily	Ruffled pumpkin orange blossoms has a deeper orange eyezone that highlights the yellow throat. The petals have attractive ruffling that show off its rounded petals and unique coloration.	Full Sun to Part Shade	20" h x 18-24" w	Orange	May-August
Hemerocallis 'Nosferatu'	Daylily	Large 6", fragrant, shimmering dark purple flowers with a chartreuse throat and ruffled petals are borne on strong, well-branched, heavily budded scapes. The saturated color holds up well in full sun.	Full Sun to Part Shade	26" h x 18-24" w	Purple	July
Hemerocallis 'Purple d'Oro'	Daylily	Miniature daylily with medium purple flowers and a compact growth habit. Petals have narrow pie crust edges, dark purple veining, and paler purple midribs. Bright yellow throat. Blooms nearly all summer!	Full Sun to Part Shade	20" h x 24" w	Purple	June-September
Hemerocallis 'Raspberry Suede'	Daylily	Impressive rich raspberry-red flowers, super saturated like raspberry syrup, are quite sunfast for such a dark color. Aptly named, they have an unusually smooth, velvety texture like suede. Well budded.	Full Sun to Part Shade	28" h x 18" w	Pink	July
Hemerocallis 'Red Hot Returns'	Daylily	This variety has large blooms (5 inch) of rich true red with a contrasting lemon-yellow throat. Repeats constantly from June to frost. Diploid. Semi-evergreen.	Full Sun to Part Shade	20-23" h x 18-23" w	Red	May-September
Hemerocallis 'Ruby Spider'	Daylily	This incredible daylily is a must-have for your sunny landscape. Its gigantic, ruby red blossoms measure up to 9" across. Long petals open wide to display the radiating golden yellow throat. This is a taller daylily that works best in the middle to back of the border where it is sure to make a huge visual impact.	Full Sun to Part Shade	34" h x 18-24" w	Red	June
Hemerocalli 'Seal of Approval'	Daylily	Lovely cream bloom with lavender pink partial edge. Slightly ruffled. Standout yellow throat, mid-season rebloomer.	Full Sun to Part Shade	30" h x 24" w	Cream	July-September
Hemerocallis 'Sun Dried Tomatoes'	Daylily	Large, rich red, sunfast, glimmering diamond dusted flowers have a golden green throat and perfect pie crust ruffled petals. Heavily budded, thick scapes carry loads of blossoms for many weeks.	Full Sun to Part Shade	32-36" h x 20" w	Red	July-September
Hemerocallis 'TigerSwirl'	Daylily	Huge, 6.5" triangular-shaped flowers are light golden yellow with a pronounced raspberry red eye. Its bottom sepals are smooth, often twisting or curling into a "swirling" motion.	Full Sun to Part Shade	30-32" h x 18-24" w	Yellow	June
Heuchera 'Blondie in Lime'	Coral Bells	'Blondie in Lime' has lime green leaves and yellow green flowers blooming continuously all spring, summer, and fall. This mutation out of 'Blondie' is as cute and tough as the original.	Full Shade to Part Shade	5-9" h x 8" w	Green	April-October
Heuchera 'Champagne'	Coral Bells	This is a stunning plant with medium size leaves changing from peach to gold to champagne-gold with a strong white veil overall. Free-flowering maroon stems with light peach flowers most of the season.	Full Shade to Part Shade	11" h x 14" w	Yellow	May-October
Heuchera 'Cherry Cola'	Coral Bells	This striking and petite variety looks great at the front of the perennial border with its striking red-brown and awesome blooms of cherry red with pink shades.	Full Shade to Part Shade	6" h x 12" w	Pink	June-July
Heuchera 'Dolce Silver Gumdrop'	Coral Bells	Use this silver beauty to brighten up your shade garden! Semi-glossy, iridescent silver leaves are topped with vibrant pink flowers. Leaves take on a rosy blush overtone later in the season.	Full Shade to Part Shade	6-8" h x 20-24" w	Pink	May-June
Heuchera 'Electric Lime'	Coral Bells	This large mounding Heuchera has large lime green leaves that develop red veins in cool temperatures. It forms a large mound and has the bonus of attractive spikes of densely packed, white flowers. The strong H. villosa and H. americana parentage gives it heat and humidity tolerance.	Full Shae to Part Shade	12-16" h x 28" w	White	May-June
Heuchera 'Fire Alarm'	Coral Bells	Super vigorous, thick, leathery red, red leaves pile up into delightful mound. 'Fire Alarm' changes colors throughout the season and complements almost every section of the color palette.	Full Shade to Part Shade	9" h x 14" w	White	June-July
Heuchera 'Forever Purple'	Coral Bells	FOREVER® Purple is a knockout with ultra-purple glossy leaves with fluted edges and great vigor. Very short spikes of purple-pink flowers in summer and four seasons of purple. A real show stopper. Destined to become the new standard for purple foliage perennials. 'Georgia Peach' is a vigorous, clump-forming coral bells cultivar noted for its bold foliage which changes colors throughout the growing season. In early spring, large leaves (to 8" across) emerge peach-orange with darker veins. Leaves acquire rose tones as they mature in summer. Leaves further darken to an attractive rose-purple by fall.	Full Shade to Part Shade	15" h x 22" w	Pink	May-September
Heuchera 'Georgia Peach'	Coral Bells	Striking grape-purple foliage with darker veining and white blooms. A villosa hybrid, with the expected reliability and heat tolerance. A very vibrant clump, compact and robust.	Full Shade to Part Shade	12-30" h x 18-24" w	White	June-July
Heuchera 'Grape Expectations'	Coral Bells	Amazing rose pink spring leaves are followed by lovely light-purple flowers which flower spring through summer. Summer to winter leaves are purple burnished silver. An outstanding container and front of the border type. Long lasting flowers make this a dual purpose plant.	Full Shade to Part Shade	10-12" h x 20-24" w	White	May-June
Heuchera 'Grape Soda'	Coral Bells	Forms a large, billowy mass of very large, coppery purple leaves with deep purple undersides. The newest leaves emerge a bright copper orange color and then deepen to coppery purple as they age. Deep purple scapes carry plump wands of closely spaced cream flowers in early summer.	Full Shade to Part Shade	9-18" h x 20" w	Pink	April-August
Heuchera 'Lava Lamp'	Coral Bells	NORTHERN EXPOSURE™ Lime is a great, medium large, long-lived landscape plant with a multiple crowns with round, lime green leaves that stay lime green all year. It forms a dense rounded mound and has narrow spikes of rust-red green flowers.	Full Shade to Part Shade	16-24" h x 22" w	Red	May-June
Heuchera 'Northern Exposure Lime'	Coral Bells	Forms a dense habit of large, bright rosy purple leaves with prominent deep charcoal gray veining. Upright, dark burgundy stems hold rosy pink flowers.	Full Shade to Part Shade	16" h x 28" w	Cream	May-June
Heuchera 'Primo Wild Rose'	Coral Bells	This small leaf trailer has lovely refined rosy copper-gold foliage. Very vigorous and easy to grow, combines the best of all Tiarella and Heuchera attributes!	Full Shade to Part Shade	18-20" h x 26-30" w	Pink	July
Heucherella 'Copper Cascade'	Foamy Bells	A star performer in Oklahoma's hottest summer ever. 'Gold Zebra' is a plant with a twist. Bright yellow, feathery leaves are boldly marked with dark-red. A standout in containers or "Front and Center" of the border. Nice bronzing with frost.	Full Shade to Part Shade	8" h x 32" w	Cream	May-July
Heucherella 'Gold Zebra'	Foamy Bells	Get a sweet taste of fall in spring with 'Pumpkin Spice'! Bronze red leaves emerge in late spring and hold its color well into early summer. Each 4" lobed leaf has deep mahogany centers that follow the veins of the leaf. Dark red stems hold cream flowers that appear in early summer.	Full Shae to Part Shade	8" h x 15" w	White	June-July
Heucherella 'Pumpkin Spice'	Foamy Bells	Leaves of red-brown bordered in lime green combined with a beautiful habit and broadly scalloped leaf lobes. Forming a vigorous mound of dense crowns.	Full Shade to Part Shade	8-10" h x 18-22" w	White	May
Heucherella 'Solar Eclipse'	Foamy Bells	Velvety, charcoal-gray leaves are symmetrically arranged on this low growing, medium broad plant. Almost startling by itself, 'Twilight' will blend with colors like no other plant. Love the simplicity that this plant brings to the garden palette.	Part Sun to Part Shade	10" h x 16" w	White	May-July
Heucherella 'Twilight'	Foamy Bells	Creamy pink buds open to very large 7-8", white flowers with magenta tipped ruffled petals and magenta veining radiating out from the cherry red eye. Relatively compact, well-branched, rounded habit with dark green foliage and buds all the way up to the stems.	Full Sun to Full Shade	9" h x 24" w	White	May-August
Hibiscus 'Cherry Cheesecake'	Hardy Hibiscus	The darkest Rose Mallow yet--its foliage is even more violet-purple than 'Kopper King'! Deep purple leaves through spring and summer followed by fiery orange in the fall. Deep red blooms from midsummer until frost.	Full Sun to Part Shade	4-5" H x 2' "	Pink & White	July-August
Hibiscus 'Midnight Marvel'	Hardy Hibiscus	Huge 7-8", slightly cupped pure white flowers have a scarlet red eye that bleeds a little way onto the slightly ruffled, overlapping petals. Flowers are produced from the top to the bottom of the plant, rather than only at the top like some older cultivars.	Full Sun to Part Shade	5' h x 6' w	Red	July-August
Hibiscus 'Mocha Moon'	Hardy Hibiscus	This outstanding selection features puckered and crinkled petals in magenta-red over dark green foliage. Will tolerate average to wet conditions in full sun. Dies back completely to the ground in winter, but new growth is slow to appear in spring, be patient!	Full Sun to Part Shade	4" h x 5-6" w	White	July-August
Hibiscus 'Plum Fantasy'	Hardy Hibiscus	This new selection forms an upright, bushy mound of dark wine-purple, maple-like foliage which in itself makes a fabulous addition to a sunny border. In midsummer, marvel at the huge pink flowers with rose veining and magenta eye, lasting into early fall. Longer blooming than other varieties. The number of lobes on each leaf increases as the foliage matures. Requires direct sunlight to develop the dark foliage. Attractive to hummingbirds.	Full Sun	4-5" h x 4-5" w	Red	July-August
Hibiscus 'Summer Storm'	Hardy Hibiscus		Full Sun	4-5" h x 4-5" w	Pink	July-September

Hosta 'Afterglow'	Plantain Lily	This new hosta features a striking yellow margin surrounding the large, green, heart-shaped leaves and forms an impressive upright mound in the landscape. In early summer, pale lavender, funnel-shaped flowers top the clump.	Full Shade to Part Shade	2'h x 4'w	Purple	June
Hosta 'Beyond Glory'	Plantain Lily	This sport of 'Old Glory' goes above and beyond its parent with its attractive, very wide, dark green margins. The margins measure about 3" at the widest point, more than twice the width than those of 'Old Glory'. Pale lavender flowers appear above the clump in midsummer.	Full Shade to Part Shade	16"h x 40"w	Purple	June
Hosta 'Blue Ivory'	Plantain Lily	Plants have a blue center with wide creamy white margins in the spring. Margins transition to pure white during the summer months. For the best margin color make sure the plants do not become stressed from lack of water.	Full Shade to Part Shade	16" h x 20" w	Lavender	June
Hosta 'Bridal Falls'	Plantain Lily	This large hosta forms an attractively rounded mound of cascading green leaves with pale yellow to creamy white margins. The heart-shaped leaves are edged in pretty pie crust waves and have deeply impressed veins. The more mature this hosta is, the better it looks.	Full Shade to Part Shade	26-28"h x 48"w	Purple	June
Hosta 'Coast to Coast'	Plantain Lily	'Coast to Coast' is a giant, solid gold hosta that makes a striking specimen in the shade garden. Its foliage emerges gold in spring and turns lighter gold with a bit more sun exposure in the summer months. As the leaves mature, they become thick and puckered with wavy edges and have nearly white undersides.	Full Shade to Part Shade	30"h x 36"w	Lavender	June
Hosta 'First Frost'	Plantain Lily	A selection prized for its robust foliage which remains attractive straight through to the first frost! Rich blue-green leaves have a creamy yellow border that gradually fades to white. Excellent adaptability to varied climates and conditions. Thick leaves resist slug damage.	Full Shade to Part Shade	16"h x 36"w	Purple	June-July
Hosta 'Gaurdian Angel'	Plantain Lily	Selected as 2010 Hosta of the Year. An herbaceous perennial. Misty blue-green and cream foliage quickly forms a large, gracefully arching mound. Bold, dramatic effect for the shade garden. Summer brings light lavender flowers that attract hummingbirds. Resists slug damage.	Full Shade to Part Shade	2'h x 3-4'w	Purple	June-August
Hosta 'Hans'	Plantain Lily	'Hans' has corrugated, puckered, and folded leaves, with ruffling at the base. Glaucous blue-green, rounded leaves have a showy wide, feathery, white center with green jetting between the center and margin. Pale lavender flowers appear in early to midsummer.	Full Shade to Part Shade	21"h x 32"w	Purple	July-August
Hosta 'Hudson Bay'	Plantain Lily	This showy hosta forms a large mound of attractive tricolor leaves of heavy substance. The wide, bright blue margin, apple green jetting, and creamy white center will set this variety apart all season long.	Full Shae to Part Shade	20-24"h x 20-24"w	Lavender	June
Hosta 'June'	Plantain Lily	Wide, jetting blue-green margins and chartreuse centers in spring. Centers turn gold in summer. Pale lavender-blue flowers.	Full Shade to Part Shade	15" h x 20" w	White	July
Hosta 'Neptune'	Plantain Lily	In spring, the narrow wedge-shaped leaves are bright glaucous blue and they hold their color well. As the season progresses they turn more blue-green. The heavily rippled leaves are of good substance, displaying some slug resistance.	Full Shade to Part Shade	24"h x 47"w	Purple	August-September
Hosta 'Pure Heart'	Plantain Lily	The cute little plants form a dense clump of thick leaves growing to only 4 inches in height that despite it's size are tough enough to stand up to summer's heat and those annoying slugs. A great addition to the miniature collection.	Full Shade to Part Shade	4"h x 5"w	Lavender	June
Hosta 'Whee'	Plantain Lily	Cream-colored very ruffled margins extend from the tip of the leaf all the way down the petiole to the crown.	Full Shade to Part Shade	18" h x 36" w	Purple	July
Hosta 'White Feather'	Plantain Lily	White Feather is one of the most unique colored hostas we have ever seen and is creating quiet a buzz with gardeners. The plants emerge snow white and keeps its gorgeous white color through spring then streaks of green start to appear as the season progresses.	Full Shade to Part Shade	18"h x 30"w	Lavender	June-July
Iberis s. 'Snowball'	Candy Tuft	This Candytuft brings a refinement to the popular category of perennials. Compared to 'Snowflake', this variety has bigger flowers, as well as a more uniform and tighter habit.	Full Sun to Part Shade	8-10"h x 20-22"w	White	April-May
Iris s. 'War Chief'	Bearded Iris	Its red, non-fading flowers add a pop of color with its yellow beards. Iris 'War Chief' has fragrant flowers that stand proud above the foliage. Irises are a great addition to any garden or landscape design.	Full Sun to Part Shade	36"h x 24"w	Red	April-May
Iris s. 'Caesar's Brother'	Siberian Iris	Beardless dark purple blooms rise above refined, slender sword-like green foliage. A stand-out in the border when planted in mass. This highly adaptable iris thrives in moist soils, where others will not. Herbaceous perennial.	Full Sun to Part Shade	18"h x 36"w	Purple	May-June
Iris s. 'Gull's Wing'	Siberian Iris	Pristine-white flowers with wide, flaring falls gracefully soar above the arching vase-shaped green blades like a seagull playfully catching the wind currents. Iris Gull's Wing is a great selection for erosion control as the thick roots establish deeply. Foliage retains pleasing blue-green color into the fall.	Full Sun to Part Shade	36" h x 18-24" w	White	May-June
Iris s. 'Pink Parfait'	Siberian Iris	This double flowering Iris creates a spectacularly elegant show in the early summer garden. Deer resistant and easy to grow, plant Pink Parfait in almost any sunny spot and enjoy fabulous blooms year after year.	Full Sun to Part Shade	24-28"h x 18-24"w	Pink	May-June
Knautia macedonica 'Thunder and Lightning'	Knautia	A truly striking perennial with incredibly showy variegated foliage and a long bloom time. Light green leaves shaped like lightning bolts are outlined with creamy yellow to white margins which remain all season. Deep reddish purple, rounded flowers about the size of a quarter appear atop wiry stems above the contrasting foliage from early summer into fall.	Full Sun	12-18"h x 16-20"w	Purple/Red	May-September
Lamium m. 'Orchid Frost'	Spotted Deadnettle	Mounds of silvery-green leaves edged with blue-green; vivid, orchid-pink flowers mid spring to summer. Excellent for pots, baskets, or ground cover.	Part Shade to Full Shade	6-12" h x 12" w	Pink	May-September
Lamium m. 'Red Nancy'	Spotted Deadnettle	Nearly all-silver leaves with narrow, blue-green margins are a lovely backdrop for the rose pink, hooded flowers which are produced from mid spring to early summer. This variety is particularly dense and low.	Full Shade to Part Shade	4-8"h x 12-24"w	Pink	May-September
Lavandula a. 'Big Time Blue'	Lavender	Big, thick spikes of purple/blue flowers bloom early over vigorous mounds of grey-green foliage. This selection is the earliest blooming and has larger purple-blue flowers than other varieties. Prune lightly in early spring, no harder than 4 inches.	Full Sun	12-16"h x 12-18"w	Purple	May-August
Lavandula a. 'Munstead'	Lavender	An evergreen, perennial shrub with compact, mounding, aromatic gray foliage and abundant, fragrant, rich lavender flower spikes. Used in perfumes, sachets, oils and for medicinal purposes. Used to deter insects when placed in a closet or room.	Full Sun	12-18"w x 12-18" w	Purple	May-August
Lavandula x i. 'Lavance Purple'	Lavender	Lavance Purple Lavender has masses of beautiful spikes of fragrant purple flowers rising above the foliage from early to late summer, which are most effective when planted in groupings. The flowers are excellent for cutting. It has attractive grayish green foliage. The	Full Sun	10-18"h x 16-18"w	Purple	May-August
Lavandula x i. 'Phenomenal'	Lavender	Long lavender-purple spikes on vigorous, healthy, uniform mounds of silver foliage. The most heat- and humidity-tolerant variety yet. Long blooming and compact with semi-double flowers. Charming semi-double flowers, very slowly and gracefully change from bright lemon yellow to an ivory white. Attracts butterflies and excellent cut flower.	Full Sun	24-30"h x 24"w	Purple	May-August
Leucanthemum s. 'Goldfinch'	Shasta Daisy		Full Sun to Part Shade	12-18" h x 18" w	Yellow	June-August
Leucanthemum s. 'Highland White Dream'	Shasta Daisy	'Highland White Dream' is a shasta daisy cultivar that tis noted for its large semi-double blooms with drooping white rays and yellow centers. Multiple flowers per stem. Coarsely-toothed, lance-shaped, medium green leaves. Blooms most of the summer.	Full Sun to Part Shade	36" h x 30" w	White	June-August
Leucanthemum s. 'Snowcap'	Shasta Daisy	An outstanding dwarf variety with an abundance or large, single, long lasting, pure white flowers that cover the compact, green foliage. An excellent choice for container gardening or in borders. Resistant to heat, drought and humidity.	Full Sun to Part Shade	10-14"h x 12"w	White	June-August
Leucanthemum s. 'Spoonful of Sugar'	Shasta Daisy	The first thing you'll notice about this cute Shasta Daisy is the enormous flower size. The second thing you'll notice is its incredibly compact, dome-like habit, with flowers produced almost all the way to the ground. 4.5in. creamy white flowers have two rows of very long petals. Flowers are held tight and compact against the attractive, dark green foliage, with a second wave of flowers following the initial wave.	Full Sun to Part Shade	16-18"h x 28-32"w	White	June-August
Liatris s. 'Floristan White'	Blazing Star	Creamy-white flower spikes in early summer. Very tolerant of heat and drought.	Full Sun to Part Shade	3-4' h x 24" w	White	July-September
Liatris s. 'Kobold'	Blazing Star	This is an excellent species to grow for cut flowers as well as providing a vertical accent in the perennial border; tolerant of hot summers. A native American wildflower excellent for border, meadow or wild garden setting. Spikes of purple flowers from summer into fall atop narrow ribbon foliage.	Full Sun to Part Shade	2-3' h x 24" w	Purple	July-September

Ligularia 'Bottle Rocket'	Ragwort/Senecio	A more compact sport of 'Little Rocket'; delivers excellent garden performance. Perfectly proportional plant forms a dense clump of thicker, serrated green leaves with mustard yellow flower spikes held on chocolate stems just at the top of the foliage. Foliage holds up well in the summer heat. Deer resistant, attracts butterflies, drought tolerant and excellent cut flower	Full Shade to Part Shade	28-34" h x 24" w	Yellow	July-August
Ligularia 'Garden Confetti'	Ragwort/Senecio	Large, heart-shaped, cream colored foliage very liberally sprinkled with lime, pine green and pink, held together with magenta colored veins. As summer progresses, the cream background changes to gold. Hardy, showy, easy.	Full Sun to Part Shade	36" h x 36" w	Yellow	July-August
Ligularia 'Osiris Café Noir'	Ragwort/Senecio	Emerges a deep purple-black, passes through shades of bronze, and then matures to an olive green. 'Osiris Café Noir' has thick, leathery leaves with serrated edges. Its yellow flowers are produced in mid to late summer.	Full Shade to Part Shade	24" h x 24" w	Yellow	July-August
Lilium asiatic 'Double Sensation'	Asiatic Lily	Unique bi-color double, rosy red petals with showy white center, thick petals and side facing flowers, produces 4-5 flowers per stem.	Full Sun to Part Shade	24-30" h x 12-18" w	Red	June-July
Lilium asiatic 'Ladini'	Asiatic Lily	This tall selection features large, upfacing flowers of deep midnight red, almost approaching black.	Full Sun to Part Shade	35-39" h x 12-18" w	Black/Red	June-July
Lilium asiatic 'Tiny Double You'	Asiatic Lily	This selection is unique and new to the series with large, upfacing DOUBLE orange flowers. Outstanding.	Full Sun to Part Shade	12-14" h x 10-12" w	Orange	June-July
Lilium asiatic 'Tiny Rocket'	Asiatic Lily	This selection has large upfacing flowers of rich, dark red with the centre of the petals etched an even darker red.	Full Sun to Part Shade	14-16" h x 10-12" w	Red	June-July
Lilium oriental 'Isabella'	Oriental Lily	Soft red or pink with white outer petals and red spots highlight the dark pink or red stripe through the center of each petal. One of the largest blooms in the Rose or Double lily class (6 to 8 inches), this double lily flower bulb produces no pollen, it is very fragrant, and a great highlight to any lily or flower bouquet, inside or in the garden!	Full Sun to Part Shade	34-38" h x 12-18" w	Pink	June-July
Lilium oriental 'Little Rainbow'	Oriental Lily	Intensely fragrant, this dwarf lily bears white flowers with light speckling and butter yellow throats. It's a classic in containers and arrangements.	Full Sun to Part Shade	18-22" h x 12" w	White	June-July
Lilium oa 'Kaveri'	Oriental/Asiatic Lily	An exciting new OA hybrid that combines the compact height and upward-facing flowers of an Asiatic lily with the large, sweetly fragrant blossoms of an Oriental lily. Kaveri catches every eye with its golden yellow petals, brushed with tangerine and burgundy. The vigorous, 3 to 4' plants produce lots of buds so you'll enjoy weeks of flowers.	Full Sun to Part Shade	32-36" h x 12-18" w	Orange/Red	June-July
Liriope m. 'Big Blue'	Creeping Lily Turf	The most common use of Lily Turf is as a groundcover. It spreads by rhizomes and can quickly crowd out everything including grass and weeds. It is useful for preventing soil erosion or for planting in areas where tree roots are thick. This plant is suitable for dry, sunny areas. Rich blue flowers.	Full Shade to Part Shade	8-12" h x 12" w	Blue	July-August
Lobelia x speciosa 'Starship Red'	Cardinal Flower	It has numerous stems of bright scarlet red flowers and bronze green foliage. STARSHIP SCARLET is a sturdy, bushy plant growing that will flower in its first year.	Full Shade to Part Shade	18-24" h x 6-12" w	Red	July-September
Lysimachia n. 'Goldilocks'	Creeping Jenny	This plant has rounded leaves with a vigorous creeping or trailing habit. Prized for its golden foliage, it would appreciate protection from afternoon sun.	Full Shade to Part Shade	2-4" h x 12-18" w		
Matteuccia s.	Ostrich Fern	The fiddleheads will compliment spring bulbs and then the ferns mask the dying bulb foliage. This fern has an upright, vase-shaped habit. The fronds will scorch if the soil becomes dry. Vigorous.	Full Shade to Part Shade	48" h x 18-24" w		
Monarda 'Sugar Buzz Blue Moon'	Bee Balm	In midsummer, they form a solid dome of color with their 2-2½" flowers on strong, well-branched stems. The dark green foliage forms an upright clump with enough vigor to quickly fill out containers nicely but are not aggressive in the garden. Lavender blue flowers are held by attractive purple bracts. A breakthrough, shorter height for this color.	Full Sun	20" h x 18-22" w	Blue	July-August
Monarda 'Sugar Buzz Cherry Pops'	Bee Balm	In midsummer, 'Cherry Pops' forms a solid dome of cherry red, 2-2½" flowers on strong, well-branched stems. The dark green foliage forms an upright clump that will fill out containers nicely but won't run all over the garden. It displays above average resistance to powdery mildew.	Full Sun	20" h x 26" w	Red	July-August
Monarda 'Sugar Buzz Rockin' Raspberry'	Bee Balm	In midsummer, they form a solid dome of color with their 2-2½" flowers on strong, well-branched stems. The dark green foliage forms an upright clump that will fill out containers nicely but won't run all over the garden. Deep raspberry purple flowers with very dark green leaves.	Full Sun	20" h x 20" w	Purple	July-August
Meuhlenbeckia axillaris	Creeping Wire Vine	A low creeping evergreen groundcover, this forms a spreading mat of wiry stems, clothed in tiny rounded leaves with a glossy green finish. Fall and winter colour is an attractive bronze green. Insignificant green flowers become black-seeded white berries in late summer. Great for large areas and stabilizing slopes. Vigorous habit.	Full Sun to Part Shade	2-4" h x 24-30" w	Green	March-May
Mukdenia r. 'Karasuba'	Crimson Fans	A very hardy, deciduous Heuchera relative from China. This form has large maple-like leaves, which emerge green then age, after flowering, to mid green splashed with bright red. Bright red fall color with numerous white flowers in early spring.	Part Shade	12" h x 12" w	White	February-April
Nepeta 'Cat's Meow'	Catmint	Its flowers are dense and colorful, and its habit is more refined. Plus, it stands strong with no flopping, getting wider and growing to a broad mound as the season progresses.	Full Sun	12-18" h x 12-18" w	Blue	April-August
Nepeta 'Kitten Around'	Catmint	Even more compact and petite than its predecessor, this plant forms a tight, round mound of aromatic foliage. Bright rosy purple calyxes hold periwinkle blue flowers. The perfect size for containers, edging the sunny border or filling in small spaces in the garden.	Full Sun	12-14" h x 20-22" w	Blue	May-August
Origanum x. 'Amethyst Falls'	Ornamental Oregano	An outstanding, long blooming selection with amethyst flowers flowing abundantly from ornamental, hops-like cones and attractive, textured, glaucous leaves this drought resistant plant's foliage fills the garden air with its exciting, spicy scent.	Full Sun	8-12" h x 24" w	Pink/Purple	April-June
Pachysandra t. 'Green Carpet'	Japanese Pachysandra	Evergreen ground cover with rich, green, leathery, leaves forming a lush carpet. Spikes of small white flowers are borne at the top of the stems in spring. It is especially valuable in light to deep shade where other plants will not grow.	Full Shade to Part Shade	8" h x 12" w	White	April
Papaver 'Prince of Orange'	Oriental Poppy	One of the best poppies with huge, silken flowers, that ignite the early summer garden with color! Abundantly blooms for 2-3 weeks. Foliage goes dormant after bloom season; plant among early and later blooming perennials. Beautiful in borders, rock gardens or	Full Sun	24-30" h x 12-15" w	Orange	May-June
Paeonia 'Duchess de Nemours'	Peony	A century-and-a-half after its introduction, this fragrant double remains a standard by which all other white Peonies are judged. Strong stems give the blossoms an aristocratic bearing; a touch of yellow at the base of the dense, ruffled inner petals lights them up with a warm glow.	Full Sun	28-32" h x 32" w	White	June
Paeonia 'Orient Jewel'	Peony	Beautiful deep pink flowers atop sturdy stems. Deer and rabbit resistant.	Full Sun	24-36" h x 30-36" w	Dk. Pink	May-June
Paeonia 'Red Charm'	Peony	Features ruffled, deep red double blooms. Flowers appear in early season. Green foliage is divided into oval to lance-shaped segments. Excellent cut flower.	Full Sun	30-36" h x 30-36" w	Red	May
Paeonia 'Sweet Harmony'	Peony	Paeonia 'Sweet Harmony' has sturdy stems that hold the beautiful pink flowers. It blooms a little later in the season than other peony varieties and lasts a long time in a vase. This is a great choice for its abundance of flowers and outstanding beauty.	Full Sun	36" h x 36" w	Pink	June
Paeonia s. 'High Noon'	Tree Peony	These flowers are a yellow as intense as you might expect from their name, with rosy-red flames at the base of each petal. Measuring 5 inches across, they are fully double and softly rounded	Full Sun to Part Shade	5' H X 4' W	Yellow	May-June
Paeonia s. 'Hoki'	Tree Peony	Bright lipstick red, semi-double blooms in late spring. Bright yellow stamens nicely accent the colorful flowers. Do not cut back in spring	Full Sun to Part Shade	4-5' h x 3' w	Red	May-June
Paeonia s. 'Shimanishiki'	Tree Peony	Upward facing, mildly fragrant, semi-double flowers are purplish-red with prominent white striping. Yellow center stamens provide excellent contrast.	Full Sun to Part Shade	3-4" h x 3-4'	Red/White	May-June
Penstemon b. 'Blackbeard'	Beardtongue	The dark feature referenced on this plant is its incredible foliage. Dark purple flower stems hold its lilac purple flowers with their white flaring tubes high above the low mound of deep eggplant purple leaves. Attractive dark burgundy seed pods follow the flowering performance for extended seasonal interest. 'Blackbeard' stays strictly upright all season long with no lodging.	Full Sun	28-34" h x 24" w	Pink	June-July
Penstemon b. 'Elfin Pink'	Beardtongue	This hybrid selection was developed in Nebraska, chosen for its hardiness and ease of growth. Plants form a low clump of green foliage, with upright spikes appearing in early summer. Flowers are clear pink trumpets, attractive in the border and useful for cutting.	Full Sun	12-18" h x 112-18" w	Pink	May-August

Penstemon b. 'Prairie Dusk'	Beardtongue	Plants form a low clump of green foliage, with upright spikes appearing in early summer. Flowers are vivid purple trumpets, attractive in the border and useful for cutting.	Full Sun	20-23" h x 12-18" w	Purple	May-August
Penstemon b. 'Ruby Candles'	Beardtongue	Flowers are intense red trumpets, attractive in the border and useful for cutting. Excellent low-maintenance perennial, especially for hot, dry sites. Attractive to both butterflies and hummingbirds.	Full Sun	12-23" h x 12" w	Red	July-September
Perovski a. 'Denim n Lace'	Russian Sage	The airy, purple-blue blooms, held close together on amethyst calyxes, give the wispy flowers a full appearance. With the bright calyxes, 'Denim 'n Lace' maintains interesting color throughout the season.	Full Sun	32" h x 38" w	Blue	June-September
Phlox p. 'Fashionably Early Lavendar Ice'	Garden Phlox	'Fashionably Early Lavender Ice' is a taller variety of Hybrid Phlox that will work best for the middle to back of the border with its refined, perfect looking habit. In addition to being early blooming, it boasts a long season of color. Pale lavender flowers with a lavender pink eye appear from early summer well into midsummer with some rebloom in fall.	Full Sun to Part Shade	28-32" h x 26-30" w	White/Pink	June-August
Phlox p. 'Glamour Girl'	Garden Phlox	This selection produces large, hot coral-pink flower clusters remaining a beautiful shade of light coral-pink as they mature. Attractive to butterflies.	Full Sun to Part Shade	32" h x 24" w	Pink/Orange	July-August
Plox p. 'Nicky'	Garden Phlox	Glowing magenta flowers, the darkest of the garden phlox. Flowers appear nearly all summer atop medium green foliage. Mildew resistant.	Full Sun to Part Shade	36" h x 24" w	Purple	July-August
Phlox p. 'Orange Perfection'	Garden Phlox	The large Hydrangea-like flower clusters of Summer Phlox create a spectacular show in the summer border. Sweetly fragrant as well, the flowers waft their scent over quite a distance. This selection has brilliant salmon-orange heads.	Full Sun to Part Shade	31-35" h x 23-29" w	Orange	July-August
Phlox p. 'Red Riding Hood'	Garden Phlox	Vivid clusters of cherry red flowers sit atop strong stems from mid to late summer. A compact variety which attracts butterflies and humming birds.	Full Sun to Part Shade	22" h x 20" w	Red	July-August
Phlox sto. 'Sherwood Purple'	Creeping Phlox	Masses of purple flowers on 8" plants in spring. A superb native woodland groundcover.	Full Shade to Part Shade	8" h x 12-18" w	Purple	April-May
Phlox sub. 'Crimson Beauty,	Moss Pink	This variety produces a showy display of bright rosy-red flowers and has a medium-fast growth rate. Clip plants lightly immediately after blooming to encourage a dense habit. Wonderful in the sunny rock garden, for edging, or in mixed containers.	Full Sun	2-6" h x 12-18" w	Red	April-May
Phlox sub. 'Violet Pinwheels'	Moss Pink	Woodland Phlox is perfect for a moist shady border, putting on a showy display in early spring when so few other plants are in bloom. Fluffy, semi-double blue flowers emerge from unique, balloon shaped buds, adding wonderful color impact throughout summer. This vigorous new dwarf variety has a compact form. Ideal for containers, borders and butterfly gardens.	Full Sun to Part Shade	4-6" h x 12-18" w	Purple	April-June
Platycodon 'Astra Blue Double'	Balloon Plant	Upright mound of green foliage, bearing inflated buds that pop open into star-shaped soft-pink blossoms. Nice addition to the border, or in mixed containers.	Full Sun to Part Shade	10" w x 8" w	Blue	July-August
Platycodon 'Astra Pink'	Ballon Plant	A first-class foliage plant for using towards the front of the border, where its variegated green and creamy-white leaves look for all the world like some exotic fern. Heads of violet-blue flowers rise above on short stems in early summer.	Full Sun to Part Shade	10" h x 8" w	Pink	July-August
Polmonium caeruleum 'Brise d'Anjou'	Jacob's Ladder	Rich green leaves narrowly edged in white and reddish stems add color to shady borders or woodland gardens as well as among trees and shrubs. Combines well with ferns and Hostas. Arching, unbranched stems emerge from the soil forming a small clump.	Part Shade	12-18" h x 10-12" w	Blue	May-June
Polygonatum falcatum 'Variegatum'	Variegated Solomon's Seal	A wow plant. This large, spreading Pulmonaria has an amazing number of large, deep shrimp pink flowers in the spring. Foliage is green with prominent white spots. Deer, rabbit and mildew resistant.	Full Shade to Part Shade	24" h x 24" w	White	April-May
Pulmonaria 'Shrimps on the Barbie'	Lungwort	Deep, bronze brown leaves feel like they were hammered out of an ancient metal alloy, so thick and glossy they can't be ignored. Large trusses of tiny pink flowers are a bonus in the spring. Equally dark and dramatic seed heads are long lasting and showy.	Full Shade to Part Shade	10" h x 10" w	Pink	April-May
Rodgersia 'Bronze Peacock'	Rodgersia	This showy perennial, with bright golden yellow petals and brown centers, offers an exceptionally long flowering season. Sturdy, upright habit makes it a wonderful bedding plant for mixed borders and wildflower gardens. Very drought tolerant.	Part Shade	22" h x 28" w	Pink	June-August
Rudbeckia f. 'Early Girl'	Black-Eyed Susan	Rudbeckia 'Goldquelle' is a great late summer perennial with medium green, cut foliage that is covered with fully double, bright yellow flowers on sturdy stems. Plants can form large clumps over time but do not spread around.	Full Sun	18-24" h x 18-24" w	Yellow	June-September
Rudbeckia l. 'Goldquelle'	Black-Eyed Susan	A tall plant with large, single yellow flowers. Fine selection for the fall perennial border; good with ornamental grasses.	Full Sun	24-36" h x 24-36" w	Yellow	July-September
Rudbeckia n. 'Herbstonne'	Black-Eyed Susan	A dwarf specimen with deep yellow flowers that will bloom from midsummer well into the fall.	Full Sun	7" h x 3" w	Yellow	July-September
Rudbeckia s. 'Viette's Little Suzy'	Black-Eyed Susan	This distinctive selection is a narrow, upright compact grower with strong branching stems and attractive green foliage topped off with charming, brown-eyed daisies that have unusual narrow or quilled yellow petals, appearing midsummer	Full Sun	12-14" h x 12" w	Yellow	July-September
Rudbeckia s. 'Little Henry'	Black-Eyed Susan	Tiny little white flowers begin to appear in late spring. Excellent for filling in between the cracks of flagstone paving, in the rock garden or as a lawn substitute. Dislikes both drought and soggy wet soils.	Full Sun	30-36" h x 20-24" w	Yellow	July-September
Sagina subulata	Irish Moss	Truest blue of the hardy Salvias. Reliable and long lived.	Part Shade	1" h x 12" w	White	May-August
Salvia n. 'Blue Hill'	Perennial Salvia	This colorful perennial produces deep violet blue and white bicolor flower spikes atop the neatly mounded, aromatic foliage. Lovely when planted in drifts. Attracts butterflies and hummingbirds.	Full Sun	18-24" h x 12-18" w	Blue	May-July
Salvia n. 'Color Spires Azure Snow'	Perennial Salvia	This colorful perennial produces cool sky blue flower spikes atop the neatly mounded, aromatic foliage. Lovely when planted in drifts. Attracts butterflies and hummingbirds.	Full Sun	18-20" h x 18-20" w	Blue/White	May-July
Salvia n. 'Crystal Blue'	Perennial Salvia	Striking violet blue flowers are produced in a round, dense clump. An improvement over other blue Salvia on the market.	Full Sun	20" h x 26" w	Lt Blue	May-June
Salvia n. 'Fashionista Midnight Model'	Perennial Salvia	Plants form a bushy clump of grey-green leaves, with upright spikes appearing in early summer, attractive to both butterflies and hummingbirds. This selection is compact, with chubby spikes of clear bright pink. Remove faded blooms to encourage repeat flowering. Excellent for cutting. Drought tolerant once established. Can be clipped back hard after blooming, to rejuvenate the foliage. Attractive to both butterflies and hummingbirds.	Full Sun	24" h x 22" w	Blue	May-June
Salvia n. 'Lyrical White'	Perennial Salvia	A mass of colorful flower spires from late spring into early summer. It forms a dense, rounded clump of aromatic, rugose grey-green foliage that looks nice all season long and is not enjoyed by rabbits or deer.	Full Sun	24" h x 24" w	White	May-August
Salvia n. 'Sensation Rose'	Perennial Salvia	This plant is an extravagant performer with lavender-blue blooms from May to early frost. A neat compact habit. This plant would benefit from a winter mulch.	Full Sun	12" h x 12" w	Pink	May-August
Salvia n. 'Violet Riot'	Perennial Salvia	A true soft pink cultivar with superb flowering up to frost; would benefit from winter mulch.	Full Sun	24" h x 24" w	Violet	May-June
Scabiosa c. 'Butterfly Blue'	Pincushion Flower	Red Birds in a Tree is a rare shrub from the southern mountains of New Mexico and Arizona. It blooms all summer with spires of small red, white-lipped flowers that resemble a flock of red birds perched on a tree branch.	Full Sun	18" h x 12" w	Blue	May-September
Scabiosa c. 'Pink Mist'	Pincushion Flower	A terrific low evergreen groundcover for sunny areas with poor dry soil. This forms a trailing mat of succulent golden-yellow leaves. Clusters of yellow starry flowers appear during the summer.	Full Sun	12-18" h x 12" w	Pink	May-September
Scrophularia macrantha	Redbirds in a Tree	Chartreuse serrated leaves with narrow blue-green margin. Creamy buds open to large clusters of light pink flowers. Bronze seed heads. Forms a low, rounded mound in spring, growing to just under 1' tall by summer. Light green leaves become covered in a dome of bubblegum pink flowers followed by pretty seed heads.	Full Sun	36-48" h x 18" w	Red	May-September
Sedum 'Angelina'	Stonecrop	This brilliant new Sedum lives up to its name. Blooming earlier than most, the huge, brilliant raspberry colored flower clusters are up to nine-inches in diameter! Disease resistant foliage retains its fantastic smoky blue-grey color from spring through fall. Spreads to form colorful clumps.	Full Sun	4-6" h x 12-24" w	Yellow	May-August
Sedum 'Autumn Delight'	Stonecrop	Bred for a vigorous, multi-crown habit, intensely colorful foliage, and, of course, excellent drought tolerance. Firecracker is a vision in the summer garden, with red foliage and hot pink flowers that stand up to the heat beautifully.	Full Sun	24" h x 24" w	Pink	August-September
Sedum 'Pure Joy'	Stonecrop		Full Sun	12" h x 20" w	Pink	July-September
Sedum Sunsparkler 'Dazzleberry'	Stonecrop		Full Sun	8" h x 18" w	Pink	June-August
Sedum Sunsparkler 'Fire cracker'	Stonecrop		Full Sun	6" h x 18" w	Pink	June-August

Sedum Sunsparkler 'Lime Zinger'	Stonecrop	A new, very hardy succulent ground cover, with fantastic lime- green leaves edged in bright cherry-red. In late summer, soft pink flower clusters dance just above a dense colorful mat of disease-free foliage.	Full Sun	4" h x 18" w	Pink	June-August
Sedum s. 'Neon'	Stonecrop	This selection begins to produce green broccoli-like buds in mid-summer, which gradually open into enormous deep rosy-pink flower heads, finally deepening to rich rusty-red. Even the dead flower heads have good winter effect.	Full Sun	24" h x 24" w	Pink	July-September
Sempervivum 'Cherry Berry'	Hen's & Chick's	Big on color as well as appearance, Cherry Berry™ forms a large 8" rosette that is a rich red color early spring into summer. Standing 2-3 inches tall and spreading up to 12 inches wide, Cherry Berry™ is a great addition for rock gardens, wall plantings, borders, ground covers as well as for patio planters	Full Sun to Part Shade	2-3" h x 12" w	Pink	June-July
Sempervivum 'Cinnamon Starburst'	Hen's & Chick's	In a mature plant, the outer leaves of the rosette are a deep cinnamon red that circles the inner bright green foliage. Standing 2 inches tall and spreading up to 12 inches wide, Cinnamon Starburst™ is a great addition for rock gardens, wall plantings, borders, ground covers as well as for patio planters.	Full Sun to Part Shade	2-3"h x 12"w	Pink	June-July
Silene d. 'Ray's Golden'	Rosy Champion	This outstanding perennial features golden yellow to chartreuse foliage and hot fuchsia flowers in mid to late spring. Long-blooming, it features a golden green color that complements the spring palette and brilliant flowers that bring on the wow-factor.	Full Sun to Part Shade	24"h x 24"w	Magenta	May-July
Sisyrinchium 'Lucerne'	Blue-Eyed Grass	Bright purple-blue, star like flowers top the dark green, grass-like foliage of the long blooming perennial. Use as an accent plant along walkways or in rock gardens. For best results do not cut foliage back in spring or winter.	Full Sun to Part Shade	8" h x 12" w	Blue	May-July
Stachys m. 'Hummelo'	Common Betony	Distinctively different than its cousin, Lamb's Ear. Forms larger clumps of green, textured leaves. Showy spikes of densely packed, lavender-rose flowers shoot up through the foliage on tall stalks.	Full Sun	18-20" h x 12" w	Pink	June-July
Stokesia l. 'Peachie's Pick'	Stoke's Aster	Upright habit and attractive green foliage that may remain evergreen in mild winter areas. Solid performer. Tolerant of hot, humid summer regions. Great for cutting and attractive to butterflies.Full Sun	Full Sun	12-18" h x 12-18" w	Purple	June-July
Thalictrum 'Black Stockings'	Meadow Rue	This selection produces rather tall clumps, with near-black stems that bear huge clusters of bright lavender-magenta flowers in midsummer. Makes an unusual cut flower. Terrific in the woodland garden, or a moist sunny border.	Full Shade to Part Shade	4-6' h x 24" w	Pink	July-August
Thalictrum 'Splendide White'	Meadow Rue	An all white hybrid selection of giant white meadow rue selected by French nurseryman Thierry Delabroye. 3-4' stems are multi branched bedecked with dainty white blossoms in early-mid summer. It enjoys a moist rich soil. Use in the mid back of the border for a delightful hazy effect.	Full Shade to Part Shade	4-6' h x 24" w	White	July-August
Thymus 'Golden'	Thyme	Low-growing dainty gleaming green and gold leaves. Lavender flowers in summer.	Full Sun	3" h x 24" w	Lavender	July
Thymus praecox 'Nutmeg'	Thyme	This flat-growing Thyme features nutmeg-scented green leaves, smothered by mauve-pink flowers in early summer.	Full Sun	2-4" h x 12-18" w	Lilac	June-July
Tradescantia x a. 'Red Cloud'	Spiderwort	Large three-petaled purple-red flowers with yellow stamens against bright green foliage create a lush mound in rock garden, border or container. Flowers last a day, but non-stop buds continue for weeks. Easy care; requires no deadheading. Thrives in moist soil.	Full Sun to Part Shade	18" h x 24" w	Purple	June-August
Tricyrtis f. 'Autumn Glow'	Toad Lily	A showy selection of this species, with color throughout the season. The flowers start in late summer, lavender-pink with yellow throat and fine purple spots. Slow spreading.	Full Shade to Part Shade	18-24" h x 12-18" w	Lavender	August-October
Trollius 'Golden Queen'	Globe Flower	This selection has semi-double golden yellow flowers with a contrasting centre of deep orange.	Full Sun to Part Shade	36" h x 24" w	Yellow	June-August
Verbascum 'Dark Eyes'	Mullein	'Dark Eyes' has an very short habit with large felted gray leaves in a rosette and cone shaped spikes of large, creamy yellow flowers with large maroon centers. Wonderful in front of a sunny border!	Full Sun	8-12" h x 10" w	Yellow	June-August
Verbascum 'Plum Smokey'	Mullein	Like a bouquet picked for you. Rosettes carrying a multitude of 16" flowering stems above the foliage with numerous, large, smoky-purple flowers. Blooms for months in full sun with good drainage.	Full Sun	8-16" h x 12" w	Purple	June-August
Vernonia 'Iron Butterfly'	Ironweed	Magenta purple flower clusters dance above the foliage in late summer. A super 'texture' plant for the border; the flowers are a favorite nectar source for butterflies. Very tolerant of poor dry soil conditions.	Full Sun to Part Shade	30-36" h x 36" w	Purple	July-September
Veronica 'Hocus Pocus'	Speedwell	Magenta purple flower clusters dance above the foliage in late summer. A super 'texture' plant for the border; the flowers are a favorite nectar source for butterflies. Very tolerant of poor dry soil conditions.	Full Sun to Part Shade	16-20" h x 16" w	Blue	June-August
Veronicastrum v. 'Apollo'	Culver's Root	Leafy stems taper delicately into long lilac-blue racemes tipped with vivid green buds, which bend and curve.	Full Sun	36-48" h x 24-36" w	Lilac	June-July
Vinca minor 'Bowles'	Periwinkle	Low creeping groundcover with glossy green foliage and bright blue flowers. Semi evergreen.	Full Shade to Full Sun	3-6" h x 12-18" w	Blue	May
Viola 'Celestial Northern Lights'	Violet	The Celestial™ Series has beautiful, early-blooming, multi-colored flowers and reliable winter survival. Fragrant blooms for months. Deep purple flower with dark purple striping and bright yellow center.	Full Shade to Part Shade	6-8" h x 8-10" w	Purple/Yellow	April-August
Ornamental Grasses						
Andropogon gerardii 'Blackhawks'	Big Bluestem	Dark green upright foliage that begins to turn red in the cool nights of August and becomes a ravishing nearly black color by September.	Full Sun	4-5'h x 1-2'w	White	August-September
Andropogon gerardii 'Red October'	Big Bluestem	Leaves emerge deep green with red highlights in spring, remain green through much of the summer, change to purplish-red to purple by late summer and finally turn a vivid scarlet red after first fall frost. Burgundy red flowers bloom in August.	Full Sun	4-6'h x 2-3'w	Purple	August-September
Calamagrostis a. 'Avalanche'	Feather Reed Grass	Green leaves are striped down the middle with white, developing a decent sized clump by mid to late spring.. Soft feathery greenish-mauve plumes appear in early to midsummer, maturing into stiff wheat-coloured spikes, which last into winter.	Full Sun to Part Shade	3-4'h x 24-30" w	Mauve	July
Calamagrostis a. 'Karl Foerster'	Feather Reed Grass	This is perhaps one of the most versatile, attractive and carefree of the ornamental grasses. As a cool season grower, its deep-green, lustrous foliage becomes effective by early spring and lasts all the way until winter.	Full Sun to Part Shade	5' h x 2' w	Gold	July
Calamagrostis a. 'Lightning Strike'	Feather Reed Grass	An unusual variegated Calamagrostis. Its leaves have wide creamy white centers and green edges. Topped with fan flowerheads that persist through winter if not cut back.	Full Sun to Part Shade	3' h x 2' w	tan	July
Carex c. 'Ice Dance'	Sedge	A bright groundcover for a shady spot, 'Ice Dance' has long shiny leaves trimmed in bright white. It spreads slowly to fill in and make a tidy cover that discourages weeds. Deer and disease resistant	Full Shade to Part Shade	12-15" h x 12-18" w	White	August
Festuca 'Blue Whiskers'	Fescue Grass	The finely textured, bright silvery blue leaves form a fully rounded, robust clump with consistent flower coverage across the habit. Yellow-green flowers appear above the clump on 18-22" scapes in early summer and age to tan as the season progresses.	Full Sun	10-12" h x 24-28" w	Yellow	July
Festuca 'Elijah Blue'	Fescue Grass	Tufted in form, it offers perhaps the best blue of the fescue grasses. It is finely textured, durable and a long-lived. Prefers cooler and less humidity, so plant in an area where be protected from hot summer months. Its silvery-blue foliage forms amount about 10" tall.	Full Sun	8-12" h x 12" w		
Hakonechola m. 'Aureola'	Hakone Grass	A graceful, colorful groundcover for shady areas. Slender stems hold bright yellow foliage with thin green stripes having the effect of a tiny bamboo. Great in containers. 2009 Perennial Plant of the Year. Deciduous.	Part Shade	18" h x 18" w		
Hakonechola m. 'Sunflare'	Hakone Grass	It has vibrant, chartreuse/ golden-yellow foliage with deep crimson tips. In fall, the colors turn to chartreuse and gold with tones of burnt orange and burgundy-red.	Part Shade	12-18" h x 18" w		
Imperata c. 'Red Baron'	Japanese Blood Grass	An unusual and dramatic grass, slowly forming a low clump. Leaves are green at the base, with red tips that become more intense over the summer and fall until they appear to glow. Effective as an edging, in the rock garden, and especially when mass planted.	Full Sun to Part Shade	18-20" h x 12-18" w		
Miscanthus s. 'Dixieland'	Dwarf Variegated Maiden Grass	This dwarf variegated grass is a striking bold plant for borders or containers. Its long arching blades are green with broad streaks of ivory. In late summer to fall plants produce tall, upright stems topped with feathery rose-hued plumes that soften and curl as they dry.	Full Sun	2-3' h x 3-4' w	Brown	August-September
Miscanthus s. 'Gracillimus'	Maiden Grass	It is desirable for its finely narrow foliage and gracefully round form.	Full Sun	7' h x 3' w	White	September-October

Miscanthus s. 'Little Zebra'	Dwarf Zebra Grass	Like 'Zebrinus' but shorter and more upright. Keeps its color all season. Reddish-purple plumes are produced reliably. They turn creamy tan in winter.	Full Sun	3-4' h x 3' w	White	September-October
Miscanthus s. 'Morning Light'	Variiegated Maiden Grass	This is a variegated form of maiden grass; fine textured, neat and arching. Its reddish-bronze blooms. Plant it near water as the reflected light will give it a spectacular silver appearance.	Full Sun	4-5' h x 2' w	White	September-October
Miscanthus s. 'Strictus'	Porcupine Grass	Green foliage is highlighted by dramatic horizontal golden bands. Reddish-bronze plumes above the foliage in summer. Suitable specimen or in groups.	Full Sun	8' h x 3' w	Red	August-October
Panicum v. 'Blue Fountain'	Switch Grass	Even with its considerable height, this grass stays very upright, supporting its late summer heavy flowering performance. Greenish tan flower panicles are held on the top two thirds of the plant and look like they burst out of the clump like water in a fountain. Its attractive blue-green leaves are very wide and strappy. This durable grass will tolerate drought, heat, and wind once established.	Full Sun	7'h x 5-6'w	Tan	August
Panicum v. 'Cape Breeze'	Switch Grass	Selected for upright habit, compact size and early flowering. Its perfect, tidy stature combines the toughness of seaside Panicum with the neatness of garden worthy cultivars. Great texture and movement in the landscape!	Full Sun to Part Shade	24-30"h x 20-24"w		
Panicum v. 'Cheyenne Sky'	Switch Grass	This variety has a tight, vase-shape form and incredible wine-red foliage that colors the plant beginning in late summer. The fall veil of wine-red flowering spikes are equally showy.	Full Sun to Part Shade	3' h x 18" w		July-August
Panicum v. 'Cloud Nine'	Switch Grass	This very tall selection forms an upright mound of blue-green leaves. Airy heads of tiny reddish-brown flowers appear in late summer. Attractive well into the winter.	Full Sun	6-7'h x 3-4'w	Brown	August
Panicum v. 'Hot Rod'	Switch Grass	This selection revs up into the red zone earlier than other switch grasses. Firmly upright blades emerge blue/green, reddening rapidly until the whole plant is rich, deep maroon.	Full Sun to Part Shade	3-4' h x 2-3' w		July-August
Panicum v. 'Northwind'	Switch Grass	A compact, clumping grass with excellent vertical form. Olive to blue-green foliage turns golden yellow in autumn. Airy flower panicles produce showy seed heads and lend winter interest. Sturdy stems stay upright, even under snow load, giving protection to wintering songbirds. Good for erosion control.	Full Sun to Part Shade	4-6'h x 2-3'w	Yellow	August-October
Panicum v. 'Ruby Ribbons'	Switch Grass	This colourful midsized selection forms an upright clump of leaves that begin blue-green then develop wine-red tips as they mature. Airy heads of tiny reddish-brown flowers appear in late summer.	Full Sun	3-4'h x 2-3'w	Green	July-August
Panicum v. 'Shenandoah'	Switch Grass	Foliage emerges bluish-green but rapidly turns burgundy-red (by late June) to form a compact, narrow, erect, 3' tall clump of foliage which is topped in summer by finely-textured, reddish-pink flower panicles which hover over the foliage like an airy cloud.	Full Sun	3-4'h x3-4'w	Pink	July-February
Pennisetum a. 'Burgundy Bunny'	Fountain Grass	This selection is a miniature version forming an upright clump of narrow, green leaves bearing small, tufted, cream flower plumes in late summer. The leaves show red colour in summer but by fall are completely red, lasting until frost.	Full Sun to Part Shade	16" h x 16" w	White	July-September
Pennisetum a. 'Hameln'	Dwarf Fountain Grass	Flowers are cream-white beginning in late July. Foliage is dark green and a full 1' shorter than other varieties. Great in massing.	Full Sun to Part Shade	3' h x 2' w	Tan	July-September
Pennisetum a. 'Red Head'	Red Head Fountain Grass	An early form of hardy red flowering Pennisetum. Deep burgundy color is most concentrated in the buds and younger plumes. Wonderful in bouquets.	Full Sun to Part Shade	3-4' h x 3' w	Red	July-September
Schizachyrium s. 'Blue Paradise'	Little Blue Stem	An upright ornamental grass that withstands adverse weather conditions. In summer, striking silvery blue stems form a columnar habit. Deep wine purple fall color.	Full Sun	36-42"h x 20-24"w	Tan	August-September
Schizachyrium s. 'Smoke Signal'	Little Blue Stem	This selection features sturdy, tight, upright stems in blue-green and offers amazing fall colour when it turns a deep, red-purple. Small tan seed heads appear in late summer and late through to fall.	Full Sun	35-47"h x 18-23"w	Tan	August-September
Schizachyrium s. 'Twilight'	Little Blue Stem	'Twilight Zone' stands out among Little Bluestems for its iridescent, silvery mauve color that appears in midsummer. These beautiful pastel tones intensify in fall when bright purple highlights appear. About half as wide as it is tall, it has a full, upright columnar shape. Its soft colors blend beautifully with other perennials, particularly those with blue-green or silvery foliage.	Full Sun	4-5'h x 2'w	Tan	August-September
Sporobolus heterolepis	Prairie Dropseed	Forms an upright, arching mound of fine, long leaves, emerald green in summer, turning gold with orange tints in fall. The color is stunning in sinter. Panicles of small, delicate flowers are held 2-3' above the foliage in late summer.	Full Sun to Part Shade	18-30" h x 18-24" w	Orange	August-September
Roses						
Rosa 'Blaze'	Climbing Rose	This large-flowered climbing rose typically grows 8-12' tall. Features profuse clusters of fragrant, scarlet-red, double flowers (to 3.5" across). Blooms late spring to frost. Slight fragrance. Dark green foliage.	Full Sun	8-12' h x 3-6' w	Red	
Rosa 'Easy Elegance Above & Beyond'	Climbing Rose	Orange flower buds open in prolific clusters of five or more apricot colored semi-double to double flowers. Plants bloom in mid-to-late spring with sporadic repeat flowering in summer.	Full Sun	10-14" h	Apricot	
Rosa 'Easy Elegance Campfire'	Shrub Rose	Buds of yellow and red open to semi-double flowers of yellow, edged in a deep pink, producing an incredible color blend of blooms that continue until frost. Dark green glossy foliage has excellent disease resistance.	Full Sun	3' h x 3' w	Yellow/Red	
Rosa 'Easy Elegance Coral Cove'	Shrub Rose	Incredible color, petite size, super disease resistant, what more could you want? This everblooming gem make san outstanding hedge along a walkway or garden path.	Full Sun	3-4' h x 3' w	Coral	
Rosa 'Double Pink Knockout'	Shrub Rose	This close relative of the famous 'Knock Out' holds true to its reputations for being a true champion in the garden. Combine the disease resistant attributes that made 'Knock Out' such a popular garden plant, with an abundance of double, hot-pink flowers to give us yet another winner.	Full Sun	3-4' h x 3' w	Pink	
Rosa 'Double Red Knockout'	Shrub Rose	The same wonderful characteristics of its sister, 'Knock Out' with twice as many petals. Cherry-red blossoms attract attention all summer and give way to deep, purple fall foliage. Spent flowers drop cleanly. Hardy and disease resistant, drought tolerant once established.	Full Sun	3-4' h x 3' w	Red	
Rosa 'Easy Elegance Kashmir'	Shrub Rose	Resembling a hybrid tea, the velvety red blossoms are as soft as cashmere and beg to be cut for the vase. With an evenly rounded habit and a height of just 2', 'Kashmir' fits perfectly into today's urban landscapes.	Full Sun	2' h x 3' w	Red	
Rosa 'Easy Elegance Music Box'	Shrub Rose	An exhibition of color, 'Music Box' sings with double blooms of creamy yellow centers surrounded by delicate pink blends. An everblooming mound of radiant blossoms sits atop glossy medium green foliage that is resistant to disease.	Full Sun	3' h x 3' w	Yellow	
Rosa 'Easy Elegance Pinktopia'	Shrub Rose	Pinktopia's an ideal accent or hedge plant. Masses of pink flowers are surrounded by dark green foliage and red new growth creates a beautiful contrast. Recurrent bloomer.	Full Sun	3' h x 3' w	Pink	
Rosa 'Easy Elegance Yellow Brick Road'	Shrub Rose	Neat, round, compact shrub covers itself with clusters of old-fashioned, lemon-yellow blossoms. Will add a splash of color in the front of the border, as a groundcover and also as a low hedge. Excellent blackspot resistance, which is hard to find in yellow roses.	Full Sun	2-3' h x 2-3' w	Yellow	
Rosa 'Knock Out'	Shrub Rose	This shrub rose has electric, cherry-red flower buds that stand out against the deep green foliage; it blooms all summer and late in season it forms bright orange-red hips that create interest all winter long. The foliage turns purple-maroon in fall.	Full Sun	3' h x 3' w	Red	
Rosa 'Pink Knock Out'	Shrub Rose	As carefree and hardy as its parent, 'Knock Out'. This vigorous shrub has dark pink buds and bright, medium pink, cup-shaped blossoms that fade to a light shade. As tough as it is beautiful and black spot resistant.	Full Sun	3' h x 3' w	Pink	
Rosa 'Purple Pavement'	Shrub Rose	The bright green foliage of this rose has excellent disease resistance and forms a nice mounded plant well suited for use in mass plantings or as a colorful low hedge. Flowers are purplish-red with bright yellow stamens. With the approach of autumn intensely fragrant blooms are replaced by colorful dark red hips.	Full Sun	3' h x 3' w	Purple	

Rosa 'Easy Elegance Screaming Neon Red'	Shrub Rose	Intense color, superior performance. Screaming Neon Red™ is sure to be a standout for any garden. With vibrant flower power and repeat blooms throughout the season, this compact rose is the perfect choice as an accent or mass planting. Remarkably rich, disease resistant, dark green foliage provides the perfect backdrop to neon-red blooms. Foliage turns a lovely burgundy-red in fall.	Full Sun	3-4' h x 2-3' w	Red
Rosa 'Easy Elegance Sunrise Sunset'	Shrub Rose	This ever-blooming shrub is disease resistant with dense foliage that has a slight blue tint to it. This is a spreading shrub that makes a great groundcover in mass plantings.	Full Sun	2-3' h x 3' w	Pink
Rosa 'Sunny Knock Out'	Shrub Rose	From the creator of the 'Knock Out', a brand new color for this popular rose family. 'Sunny Knock Out' has an upright habit, clean dark green foliage and terrific everblooming qualities.	Full Sun	3-4' h x 3' w	Yellow

Shade Trees

Acer griseum x nikoense 'Ginzam'	Paperbark Maple	A vigorous, upright grower with attractive, exfoliating bark and brilliant orange-red fall color.	Full Sun	20-25'h x 10-15'w	
Acer platanoides 'Royal Red'	Royal Red Norway Maple	Similar to A. 'Crimson King', but with a somewhat slower growth rate and what some consider slightly better color. A dense shade tree, it has a straight trunk with a well shaped head. The glossy foliage is an excellent maroon-red color all season. Medium grower, 10 to 12' in 5 to 8 years, 30' in 20 years.	Full Sun	35-40' h x 25' w	
Acer s. 'Brandywine'	Brandywine Maple	'Brandywine' is a male selection (seedless) that typically grows to 25' tall over the first 12 years, eventually maturing over time to 35-50' tall. Fall color is a brilliant scarlet that gradually turns reddish-purple.	Full Sun	35-50' h x 25-40' w	
Acer r. 'October Glory'	October Glory Maple	This red maple is most impressive for its intense crimson fall color, ever under less than perfect circumstances. The color lasts much longer than other red maples. The wings of the samaras display an attractive red tint.	Full Sun	50-60' h x 35'w	
Acer r. 'Red Sunset'	Red Sunset Maple	An outstanding Red Maple retaining its brilliant red autumn color longer than most other varieties. Upright dense branching habit makes this an excellent street and lawn tree. Large deciduous tree has pyramidal form when young becoming rounded with age. Glossy green leaves turn brilliant orange-scarlet, extremely showy. Medium to fast grower; 10 to 12' in 5 to 7 years.	Full Sun	50' h x 30-40' w	
Acer r. 'Scarlet Jewel'	Scarlet Jewel Maple	A full, upright Maple that turns a consistent deep crimson each fall, a full two weeks earlier than other Acer rubrum's. A brilliant show of red flowers each spring adds to the allure. Excellent, symmetrical branching and resistance to frost cracking. Prefers moist, slightly acidic soil.	Full Sun	70' h x 30' w	
Acer s. 'Apollo'	Apollo Maple	A fantastic semi-dwarf sugar maple with a narrow upright form and a strong straight trunk. 'Apollo' will only grow about half the size of typical sugar maples. Fall color is a mix of orange and gold. Excellent street tree or for smal gardens.	Full Sun	25' h x 10' w	
Acer s. 'Fall Fiesta'	Fall Fiesta Sugar Maple	A rapid growing, Maple with a wonderful symmetrical branching habit. Resistant to sun and frost cracks, and the leathery foliage is resistant to leaf tatter and leaf hoppers. Absolutely beautiful orange and red fall color, better than other Sugar Maples.	Full Sun	50-75' h x 50' w	
Acer t. 'GarAnn'	Hot Wings Tartarian Maple	Hot Wings Maple has dark green foliage throughout the season. The lobed leaves turn an outstanding scarlet in the fall. The flowers are not ornamentally significant. It features abundant showy cherry red samaras in late summer. The rough gray bark is not particularly outstanding.	Full Sun	20' h x 17' w	
Acer x. f. 'Autumn Blaze'	Autumn Blaze Maple	Hybrid of Silver and Red Maple with ascending branches, rapid growth, drought tolerance and ability to grow in most areas. Beautiful fall color and form. Medium to fast grower; 10 to 12' in to 7 years.	Full Sun	50-60' h x 40' w	
Acer x. f. 'Firefall'	Firefall Maple	Firefall' has an upright-oval form with good branch angles. This selection is a male and therefore does not produce nuisance seeds. The foliage is an attractive medium green throughout the summer. Fall color is bright orange to scarlet and develops fairly early.	Full Sun	40-60' h x 30-40' w	
Betula nigra	River Birch	Attractive buff colored peeling bark is a wonderful backdrop for the yellow fall foliage color. This tree is an impressive specimen, commonly found with several trunks. A medium to fast grower, this birch transplants well and its best adapted to moist areas. It will tolerate drier soil but probably will not reach its maximum development.	Full Sun	40-70' h x 40-60'	
Betula n. 'Cully'	Heritage River Birch	This vigorous grower has exfoliating bark that is lighter than river birch, ranging from tan to creamy white to parchment white. While it tolerates wet, poorly drained soils, it does well in upland soils, and is resistant to bronze birch borer.	Full Sun	45-50' h x 30-35' w	
Betula n. 'Little King'	Fox Valley	A unique dwarf selection of a popular landscape tree. Refreshing, bright green foliage turns golden-yellow in fall. Colorful exfoliating patterns of bark in salmon and cinnamon-red become evident at a young age. Useful as a specimen when space is limited, in low-maintenance landscapes or as a screen. Excellent resistance to bronze birch borer.	Full Sun	8-10'h x 8-12'w	
Ginkgo biloba 'Autumn Gold'	Ginkgo	This superb selection is a fruitless male strain. Unique fan-shaped green foliage turns brilliant golden yellow in fall. Symmetrical branching creates an exceptional upright landscape accent, eventually becoming a handsome shade tree with age. Deciduous.	Full Sun	35-50' h x 35-50' w	
Gleditsia t. v. i. 'Sunburst'	Sunburst Honeylocust	An attractive deciduous tree with a vase shaped canopy with bright yellow young pendulous leaves that ripen to a lime green colour. It is a popular tree because of its vibrant colour and soft weeping foliage. Has large black seedpods that hang from the branches in winter.	Full Sun	40' h x 15-20' w	
Liriodendron tulipifera	Tuliptree	Beautiful, large, garden tree having unique bluish-green leaves; gives spectacular show of yellow fall color. In warm season, displays handsome, tulip- shaped greenish-yellow and orange flowers. Fast grower.	Full Sun	50' h x 30' w	Mix
Metasequoia glyptostroboides	Dawn Redwood	This beautiful deciduous conifer has a pyramidal to conical habit and fine feathery foliage.	Full Sun	70-100' h x 25-40' w	June
Metasequoia glyptostroboides 'Gold Rush'	Dawn Redwood	'Gold Rush' is a cultivar that features soft, linear, feathery, fern-like foliage that is distinctively golden-yellow throughout summer. Foliage gradually turns orange-brown in fall. It reportedly grows somewhat slower than the species.	Full Sun	70-100' h x 15-25' w	
Platanus x. a. 'Exclamation'	London Planetree	(Morton Circle London Planetree)Selected for its uniform, upright pyramidal habit and attractive foliage; densely branched with a moderate growth rate; beautiful white and brown mottled bark; best in larger landscapes; very resistant to frost cracking and disease	Full Sun	60' h x 30' w	
Parrotia persica 'Persian Spire'	Persian Spire Parrotia	Slender leaves emerge with a purple cast in spring then fade to green with attractive purple margins before maturing into dark emerald green for summer. Vivid fall color of yellow, orange and deep red. Unique upright form, fine texture and vibrant display of colors work well for hedges, screens or in small space gardens.	Full Sun	25' h x 10' w	
Populus tremuloides	Quaking Aspen	Bark greenish to white. Leaves small and move in the slightest breeze. Indifference to soil conditions. Can be found in moist, shallow, rocky or clay soils. Excellent for naturalizing.	Full Sun	60-80' h x 30' w	
Quercus rubra	Red Oak	The fastest growing Oak and one of the easiest to transplant, this tree is great for street use or as a landscape tree. The foliage is dense and lustrous and leaves hang on the tree into winter.	Full Sun	60-80' h x 50' w	
Quercus x. b. 'Prairie Stature'	Prairie Stature Oak	An outstanding tree in the landscape featuring emerald-green, semi-glossy, leathery foliage with reddish coloration in autumn. Quite dense, pyramidal form. Hybrid of English Oak and White Oak.	Full Sun	30-40' h x 25-30' w	
Tillia a. 'McKSentry'	American Sentry Linden	This tree has uniform branching and an upright narrow form. This is a great tree for use in landscape for boulevards and smaller yards where space is at a premium, but shade is required. The distinctive bark is silvery gray especially when the plant is immature and is very attractive. Resistant to Japanese Beetle.	Full Sun	40' h x 25-30' w	
Ulmus 'Triumph'	Triumph Elm	A new hybrid elm from the Chicagoland Grows program that combines the attractive vase-shaped form of the popular Accolade elm with the toughness and disease and insect resistance of Vanguard; a large shade tree with symmetrical form and glossy leaves	Full Sun	50' h x 40' w	

Ornamental Trees

Acer p. 'Bloodgood'	Bloodgood Japanese Maple	Beautiful medium growing, vase-like deciduous broadleaf tree. Excellent dark red leaf color all summer long. A wonderful addition to the landscape. Should be planted in a protected area.	Part Shade	10-15' h x 6-8' w		
Acer p. v. d. 'Crimson Queen'	Crimson Queen Japanese Maple	Truly outstanding in foliage and form. Young leaves are finely cut and of the darkest purple-red, and maintain that color throughout the summer. Autumn brings clear reddish purple foliage color. The form is wider than taller, weeping and cascading.	Part Shade	8-10' h x 10-12' w		
Acer p.v. d. 'Tamukeyama'	Tamukeyama Japanese Maple	A small weeping/cascading tree with multi-dissected, deep-crimson leaves. Leaves are not deeply cut as other <i>dissectum</i> varieties giving it a bolder, more robust appearance. Autumn brings fiery scarlet tones. Plant as a focal point in the garden. Cascading effect is This small tree or shrub grows 12-18" per year. The green leaves turn shades of red, yellow, and orange in fall; some leaves persist through winter. Flowers are white with purple bracts. The bark is this and easily damaged.	Part Shade	6-8' h x 8-12' w		
Acer pseudosieboldianu	Korean Maple	Heavy stems are covered with white blossoms in early spring, followed by dark green foliage. Leaves turn brilliant red in fall and remain on the tree for an extended period of time. Moderate, spreading branches combined with light-gray bark add interest to the landscape throughout the year. Medium grower; 10' in 8 years.	Part Shade	15-25' h x 15-25' w	Purple	April
Amelanchier x. g. 'Autumn Brilliance'	Autumn Brilliance Serviceberry	Blooms are reddish-purple to rosy-pink in spring. Regular watering and fertilization is very important—especially until it is established. Flowers appear on bare branches bridging the gap between winter and spring. Medium grower, 7-10' in 5-6 years.	Full Sun to Part Shade	20-25' h x 15-20' w	White	April
Cercis canadensis	Eastern Redbud	The first known gold-foliaged Cercis! Exceptional native redbud displays a riot of color in early spring as brilliant lavender-purple blooms appear on bare branches. Spring foliage emerges red, maturing to gold; shaded leaves will be green. Large, heart shaped leaves are burn-resistant even in full summer sun. Feature as a specimen or mass as an informal hedge.	Full Sun to Part Shade	20-30' h x 25-30' w	Red	April-May
Cercis c. 'Hearts of Gold'	Hearts of Gold Redbud	In spring, profuse white blooms appear before foliage. Dark blue fruit follows later in the summer. Tolerant of city conditions, including pollution, it prefers deep, moist, fertile, acidic soils.	Full Sun to Part Shade	20-25' h x 18' w	Purple	April-May
Cercis 'Ruby Falls'	Ruby Fall's Redbud	Pinnately compound leaves open as yellowish green, turn bright green in summer and then turn yellow in fall. Intensely fragrant, wisteria-like flowers will cover a mature tree in late spring. Profuse bloom may occur only once every 2 or 3 years however. Flowers give way to flat seed pods that mature in September-October.	Full Sun to Part Shade	6' h x 4' w	White	April-May
Cladrastis kentuckia	Yellowwood	Small, fragrant, yellowish-white flowers bloom in late spring. Flowers give way to bluish-black fruits on red stalks. Fruits mature in late summer. Elliptic-ovate, medium green leaves turn reddish-purple often tinted yellow or green in fall.	Full Sun	30-50' h x 40-55' w	White	May
Cornus alternifolia	Pagoda Dogwood	Attractive horizontal tiers of branches help make this small tree popular. Splendid pink to red bracts followed in fall by hanging red fruit. Autumn leaves have purple-red tints. A slow grower, possibly medium in early stages of growth.	Full Sun to Part Shade	15-25' h x 20-30' w	White	May-June
Cornus k. 'Satomii'	Pink Japanese Dogwood	The shamrock-shaped blooms are 6" wide and symmetrical, with 4 huge petals surrounding a tiny green center.	Full Sun to Part Shade	20' h x 15' w	Pink	June
Cornus k. 'Venus'	Venus Dogwood	A vigorous small ornamental tree. It bears abundant white flowers in June, followed by small bright red persistent fruit in autumn. Although this attractive thornless tree prefers moist conditions, it is also drought tolerant.	Full Sun to Part Shade	15-18' h x 18-22' w	White	June
Crataegus crus-galli inermis	Thornless Cockspur Hawthorn	Hardier than some of the other hawthorns, this tree was introduced by the Morden Research Station of Manitoba, Canada. It bears fragrant, large, double white flowers that turn to pink; glossy foliage, and 1/2 inch red fruit. The interesting twisted trunk is an added ornamental feature.	Full Sun	15-20h x 15-20w	White	June
Crataegus x mordensis 'Toba'	Toba Hawthorn	One of the most beautiful beech cultivars, whose purple leaves feature an irregular rose and pinkish white border. 'Tricolor' will benefit from some shade as the pink and white border can become scorched in hot, dry weather.	Full Sun	12-15'h x 10-12'w	White	June
Fagus 'Roseomarginata'	Tricolor European Beech	Tree form is perfect for small landscapes or as a specimen plant. Large, showy blossoms are a lovely blue color accentuated with a red-purple heart, blooming from July-September. Bred by Minier Nursery in France.	Full Sun to Part Shade	25-30' h x 15-20' w		
Hibiscus s. 'Hawaii'	Hawaii Hibiscus Tree	The tree form of Tahiti™ Hibiscus is perfect for small landscapes or as a specimen plant. Its gorgeous semi-double blooms will give you a feeling of the tropics from July - October. Deep pink-purple flowers are accentuated with a deep red center.	Full Sun	5-8'h x 4-7'w	Blue	June-September
Hibiscus s. 'Tahiti'	Tahiti Hibiscus Tree	Perfect for smaller gardens. Makes a great vertical accent in borders and decorative containers. Bright, lime-green flowers add a much needed brightness to the late summer landscape. In autumn the blooms display shades of pink, burgundy and green. Flowers on new wood.	Full Sun	5-8' h x 4-7' w	Pink	June-September
Hydrangea p. 'Limelight'	Limelight Hydrangea Tree	Perfect for smaller gardens. Makes a great vertical accent in borders and decorative containers. Quick to bloom, a month earlier than other varieties. Flower buds start white and turn deep pink.	Full Sun to Part Shade	8' h x 8-10' w	Lime	July-August
Hydrangea p. 'Quickfire'	Quickfire Hydrangea Tree	Foliage is upright with showy flowers which bloom on new growth from mid-summer to fall. Flowers open white, change to pink and finally mature to pinkish-red, with multicolored flowering occurring in late summer as new flowering stems emerge to join mature flowers.	Full Sun to Part Shade	6-8' h x 6-8' w	Reddish	May-August
Hydrangea p. 'Vanilla Strawberry'	Vanilla Strawberry Hydrangea Tree	Abundant 4-5" yellow, double flowers bloom look spectacular in the spring garden. Blossoms are held upright like butterflies alighting on a branch. Blooms appear in late spring which help to protect them from frosts in cool-spring climates. Pollution tolerant.	Full Sun to Part Shade	6-8' hx 4-5' w	Pink	July-August
Magnolia 'Butterflies'	Butterflies Magnolia	Pink buds open to incredibly full and wonderfully fragrant pale pink flowers in spring on this beautiful magnolia. Centennial Blush is a prolific bloomer with flower buds formed at almost every node yielding a fantastic floral display of delicate pink covering the entire plant. Attractive medium green foliage on an interesting branching structure follows in the summer turning yellow to bronze in autumn.	Full Sun	15-18' h x 8-10' w	Yellow	April-May
Magnolia s. 'Centennial Blush'	Centennial Blush Magnolia	Double, 3" white fragrant flowers bloom in spring. Try to avoid southern exposures since the buds will tend to open fastest in this location. Cold weather could cause the blooms to freeze. Good specimen or accent plant against a brick wall. Slow growing, 3-6' over 5-6 year period.	Full Sun	12-18' h x 10-15' w	Pink	April-May
Magnolia s. 'Royal Star'	Royal Star Magnolia	Northern Belle' Sweetbay Magnolia has larger than normal, fragrant, creamy white flowers that appear in June and July. Excellent cold tolerance makes 'Northern Belle' an exceptional Sweetbay Magnolia. Attractive red fruit has orange seeds in fall.	Full Sun	8-10' h x 8-10' w	White	April-May
Magnolia virginiana 'Northern Belle'	Northern Sweetbay Magnolia	The red-purple flowers are 4" in diameter and bloom in early spring. Compact mounded form with dark green foliage.	Full Sun	25' h x 15' w	White	June-July
Magnolia s. 'Ann'	Ann Magnolia	Handsome deciduous shrub having a multi-stemmed habit and beautiful two-toned flowers at an early age. The strap-like petals are similar to Star Magnolia. Use for single specimen and accent plant.	Full Sun	8-10' h x 8-10' w	Pink	April-May
Magnolia x loebneri 'Leonard Messel'	Leonard Messel Magnolia	This dwarf tree is noted for its rounded form, white flowers, red fruit and good disease resistance. Thick, leathery, dark green leaves emerge in spring with a burgundy tinge. Red buds open in spring to white flowers with pink tinges on the petals. Flowers are followed by crabapples that age to burgundy red. Crabapples mature in fall and may persist into winter. Birds are attracted to the fruit. Fruit may be harvested for jellies.	Full Sun	10-15' h x 12' w	Purple	April
Malus 'Camelot'	Camelot Crabapple	Gladiator™ is an excellent ornamental tree with a profusion of bright pink flowers followed by small reddish-purple fruit on a stately, upright crown. Glossy bronze-purple leaves look lush all growing season long and have high disease resistance. Gladiator is an ideal tree for smaller gardens. Makes a great vertical accent in borders and decorative containers. Quick to bloom, a month earlier than other varieties. Flower buds start white and turn deep pink.	Full Sun	8-10' h x 6-8' w	White	April
Malus 'Gladiator'	Gladiator Crabapple	The true red blooms are later than most crabapples; good foliage retention during the summer. The fruit does not drop; glossy, dark-red bark has numerous prominent lenticels; disease resistant. Upright, spreading becoming rounded habit.	Full Sun	20' h x 9' w	Pink	May
Malus 'Prairiefire'	Prairiefire Crabapple	This small crabapple is noted for its abundant pink centered purplish-red flowers with bronze-green foliage. Excellent disease resistance.	Full Sun	20' h x 20' w	Red	May-June
Malus 'Profusion'	Profusion Crabapple	An upright-spreading, disease-resistant, easy-to-grow, crabapple tree that features deeply lobed purple foliage which retains excellent color throughout summer. Magenta-pink single flowers in spring develop into tiny maroon-red crabapples that mature in late summer and excellent orange-red fall color.	Full Sun	15-20' h x 30' w	Purple	May
Malus 'Royal Rain Drops'	Royal Raindrops Crabapple		Full Sun	15-20'h x 12-16'w	Pink	May

Malus 'Spring Snow'	Spring Snow Crabapple	One of the most showy white flowering crabapples with very abundant blooms that are slightly larger than other crabapple blooms. Does not produce fruit, which makes this a great landscape tree.	Full Sun	25-30' h x 15-20' w	White	May
Prunus i. 'CarltonLT'	Little Twist Cherry	Dense, compact crown, with zigzagging, outward growing branches with white, single flowers with pink centres cover the branches. Green leaves follow the intense show of flowers and foliage turns a burgundy colour in the fall.	Full Sun	6'h x 6'w	White	May
Prunus s. 'Hokkaido Normandale'	Spring Wonder Sargent Cherry	This upright vase-shaped tree is a native to Japan and flowers in early May with single pink flowers. The bark is a polished, reddish brown. New growth is purplish while the summer foliage a shiny dark green.	Full Sun	20-25'h x 18-24'w	Pink	May
Prunus v. 'Canada Red'	Canada Red Chokecherry	New leaves emerge green and turn purple as they mature. Small white flowers in hanging clusters 3-5" long are produced in late spring. Edible fruits are small, reddish-purple and are relished by birds.	Full Sun	15-20' h x 15' w	White	May
Prunus x 'Snow Fountains'	Snow Fountains Cherry	Weeping branches are covered in spring with a fountain of snow-white flowers, made even more dramatic in contrast to the stunning mahogany-red bark of its grafted Tibetan cherry trunk. A beautiful and hardy small garden specimen tree.	Full Sun	12-15' h x 15-20' w	White	May
Prunus x 'Sucker Punch'	Sucker Punch Chokecherry	Unlike most chokecherries, Sucker Punch® is a selection that doesn't sucker, making it desirable for use in many landscape setting where a tidy ornamental tree is needed. Its leaves emerge green in spring and then turn a deep, reddish-purple. Lovely clusters of white blossoms in spring combined with dark fruit that attracts all kinds of songbirds later in summer lend to its season-long appeal.	Full Sun	20-30' h x 18-20' w		
Pyrus c. 'Autumn Blaze'	Autumn Blaze Flowering Pear	This tree has horizontal, symmetrical, open shape-different from other ornamental pear trees. It has glossy green foliage, white blooms and outstanding crimson-red fall color. Fast growing, 12 to 15' over 8-10 years.	Full Sun	35' h x 20' w	White	April-May
Pyrus c. 'Cleveland Select'	Cleveland Select Flowering Pear	More blooms than the any other flowering pear. Evenly branched limbs with pyramidal form and superior branch structure that withstands ice and wind storm. Fruitless and tolerates urban conditions and heavy clay soils.	Full Sun	20-30' h x 20' w	White	April-May
Pyrus c. 'Chanticleer'	Chanticleer Flowering Pear	This is one of the hardier <i>calleryana</i> pears. An ideal street tree, it flowers a bit later and blooms better than 'Bradford'. Fall color is nice red-purple.	Full Sun	25-30' h x 15' w	White	April-May
Pyrus fauriei	Korean Sun Pear	This small ornamental pear is compact, has a dense growth habit and hardy disposition. It is a good tree for hedging, screening and used as a barrier. A good tree to have in small to medium- sized gardens. Has a glossy green foliage to tolerate heat. It changes to bright tones of red and orange in autumn, it also breaks bud quite early in spring.	Full Sun to Part Shade	12'h x 15'w	White	April-May
Syringa m. 'Palibin'	Dwarf Korean Lilac Tree	Excellent rounded uniform habit. Reddish-purple buds open to single pink, fragrant flowers. Profuse bloomer at an early age.	Full Sun	4-8' h x 5-6' w	Pink	May
Syringa r. 'Bailance'	Snowdance Japanese Tree Lilac	The annually flowering tree lilac has an abundance of large, fragrant panicles of creamy white. The sterile variety produced no untidy, brown seedheads. Lustrous, dark green foliage is slightly larger and darker than the species.	Full Sun	18' h x 20' w	White	June
Syringa r. 'Ivory Silk'	Ivory Silk Lilac	This Sheridan Nursery selection has a sturdy, more compact, oval growth habit than Japanese tree lilac. A most attractive small flowering tree with cherry-like bark, it bears large creamy white flower clusters in early July.	Full Sun	25'h x 15'w	White	June
Shrubs						
Aesculus parviflora	Bottlebrush Buckeye	A stately specimen that forms a spreading, mounded shrub with tall, pyramidal spikes of white flowers. Extremely handsome lawn specimen. Shade tolerant. This shrub send up new shoots from the base which may grow 2-4' in a single season but is slow growing on old wood.	Full Sun to Part Shade	8-12' h x 8-15' w	White	July
Amelanchier 'Standing Ovation'	Serviceberry	Standing Ovation™ is covered in white flowers each spring, which sometimes turn into edible berries in June. As the seasons continue, dark green, almost circular leaves change to red and orange in autumn. Its upright, perfectly oval form adds height in small gardens and provides nice structure during winter.	Full Sun to Part Shade	15'h x 4'w	White	May
Aronia m. 'Autumn Magic'	Chokeberry	Fragrant white flowers in spring, followed by clusters of large edible, dark purple-black berries which persist through the season. The leaves are dark, glossy green all season long and put on an incredible fall color show of red and purple. Tolerant of most soil types and slow grower.	Full Sun to Part Shade	4-6' h x 2-4' w	White	May
Aronia m. 'Lo Scape'	Chokeberry	Adaptable to most soils, this little beautyoffers dark glossy foliage,loads of white flowers in spring, black summer fruit, and intense red autumn foliage.	Full Sun to Part Shade	1-2'h x 2-3'w	White	May
Berberis t. 'Admiration'	Admiration Barberry	This exciting dwarf red variety was selected for its show stopping bright orange-red foliage with contrasting yellow margins. Leaf color continues throughout the summer, turning brilliant red in fall. Broad, upright growth requires little or no pruning to maintain.	Full Sun	12-18" h x 18-24" h		
Berberis t. 'Concorde'	Red Leaf Japanese Barberry	Showy purple-red foliage all season long turns deep amber in fall. Dense branching habit makes a superb hedge or barrier plant. Moderate grower.	Full Sun	2' h x 3' w		
Berberis t. 'Limoncello'	Limoncello Barberry	Forming a tidy, round mound, this new barberry has chartreuse foliage with an unusual red, almost dotted, pattern around the leaf margin. Fall foliage is orange, yellow and red. The bright color and habit make it a good accent plant in foundation plantings.	Full Sun to Part Shade	3-4'h x 3-4'w	Yellow	May
Berberis t. 'Rose Glow'	Rose Glow Barberry	A sport of Red leaf barberry from Europe with attractive variegated foliage, yellow flowers and red fruit. Place in full sun for best color. An attractive specimen plant and can be used to create an interesting colored hedge.	Full Sun	3'h x 3'w	Yellow	May
Berberis t. 'Tuscania'	Tusconia Barberry	Toscana™ Barberry's large showy foliage emerges red in spring with a fine, bright yellow margin. The margin eventually fades through summer, but the foliage remains red. The red color darkens in autumn, taking on burgundy tones. This barberry forms an upright shrub with arching branches.	Full Sun	3-5'h x 2-3'w		
Buxus m. 'Green Velvet'	Green Velvet Boxwood	A broadleaf evergreen with a slow growing, rounded habit well suited for a low hedge. Had good green color in winter.	Full Sun to Part Shade	2-3' h x 2' w		
Buxus x. 'Green Mountain'	Green Mountain Boxwood	Vigorous evergreen shrub with bright green foliage that retains good color through winter. Green Mountain's upright, naturally cone-shaped form makes it an excellent candidate for topiary forms--and a striking container or formal garden accent. Works well as a natural or shaped hedge as well.	Full Sun to Part Shade	5' h x 3' w		
Chaenomeles s. 'Double Take Orange'	Flowering Quince'	Big, richly colored, double flowers provide a stunning early spring display. Drought tolerant once established, it may be pruned to shape after flowering. Intense spring color. Good for cut flowers. Thornless and deer resistant, it does not produce fruit.	Full Sun to Part Shade	48-60" h x 36-48" w	Orange	April-May
Chaenomeles s. 'Double Take Scarlet'	Flowering Quince'	Double Take Scarlet puts on a spectacular early spring display of large red, double flowers. The Double Take quinces are more than just pretty spring flowers: thornless and deer-resistant, they do not produce fruit, and once established, are drought-tolerant survivalists. Valued for its summer flower, tolerance of heavy shade and moist situations. Attractive lustrous deep green foliage and white flowers.	Full Sun to Part Shade	48-60" h x 36-48" w	Red	April-May
Clethera a. 'Hummingbird'	Hummingbird Summersweet	Slow to medium grower.	Full Sun to Part Shade	3' h x3-4' w	White	June-July
Clethera a. 'Ruby Spice'	Ruby Spice Summersweet	A cultivar selected for vastly improved bright pink flowers that do not fade to white. Blooms in midsummer and has nice yellow fall color. Clethera is shade tolerant but will also withstand full sun.	Full Sun to Part Shade	3-6' h x 3-4' w	Pink	June-July
Cornus a. 'Ivory Halo'	Ivory Halo Dogwood	This compact selection of Variegated Dogwood retains its beautiful variegated green and white foliage in summer and the attractive red twigs in winter.	Full Sun to Part Shade	5-6' h x 5-6' w		
Cornus a. 'Baton Rouge'	Baton Rouge Dogwood	Its naturally compact, bushy habit and vivid red stems, Baton Rouge™ offers amazing year round interest. White spring flowers are followed by white berries that are attractive to birds. Medium green foliage transforms to a brilliant reddish purple hue in autumn. Bright red stems of winter make a spectacular display.	Full Sun to Part Shade	3-4' h x 3-4' w	White	May
Cornus h. 'Garden Glow'	Garden Glow Dogwood	Attractive chartreuse foliage throughout the season. The glossy pointy leaves are ornamentally significant and turn an outstanding red in the fall. It has clusters of white flowers at the ends of the branches in late spring. It produces white berries in mid summer. The red branches are extremely showy and add significant winter interest.	Part Shade	5' h x 5' w	White	May

Cornus s. 'Bailadeline'	Firedance ogwood	Firedance™ is similar to 'Isanti' but has a much more compact, uniform habit. Our trials also show Firedance has less foliage problems than the species. White flowers in spring are followed by pretty white berries that are attractive to birds. The foliage turns a nice red-purple color in fall, giving multi-season interest. Stems turn red in winter and are good for winter arrangements.	Full Sun to Part Shade	3-4'h x 4-5'w	White	May
Cotinus c. 'Golden Spirit'	Golden Spirit Smokebush	This yellow-leaf Smokebush will bring unique hue to the garden. New foliage emerges with just a touch of red. Smoky yellow flowers appear in mid-summer followed by a fiery orange-red in fall color. Prefers well-drained soil in full or part sun.	Full Sun to Part Shade	8' h x 6' w	Yellow	June-July
Cotinus c. 'Royal Purple'	Royal Purple Smokebush	Foliage is rich, maroon-red and darkens to almost purplish-red or black; the panicles are also a purplish-red. Fall color is a very striking red. Could benefit from a rejuvenation pruning.	Full Sun to Part Shade	8-10' h x 8-10' w	Purple	June-July
Cotoneaster apiculatus	Cranberry Cotoneaster	A semi-evergreen shrub with an arching, wide spread habit. Small, short-stalked pink flowers bloom in early June. A slow grower, but growth, may be accelerated with regular fertilization.	Full Sun to Part Shade	2-3' h x 3-4' w	Pink	June
Cotoneaster apiculatus 'Tom Thumb'	Creeping Cotoneaster	It has a unique appeal because of its very shiny, small leaves that turn a brilliant red-crimson in the autumn. 'Tom Thumb' rarely produces flowers and fruit, but when it occurs, the blooms are small, pinkish-white. Then the very small, ¼", red fruit follow in autumn.	Full Sun to Part Shade	1-2'h x 4-6'w		
Deutzia gracilis	Nikko Slender Deutzia	A compact, spreading, almost groundcover type shrub that produces an abundance of snowy white flowers in mid to late May. Perfectly pretty pink flowers on a deutzia. A shower of elegant pink flowers creates a carpet of color. Great for mass plantings because of its neat, rounded habit and burgundy-purple fall color, this tough, adaptable plant makes an excellent groundcover, especially on a sunny slope.	Full Sun to Part Shade	2' h x 5' w	White	May-June
Deutzia x 'Yuki Cherry Blossom'	Yuki Deutzia	The cool foliage stays bright and clean right up until the first frost. Bunches of yellow blossoms adorn the plant in June and July. Easy to grow in a variety of soils, densely branched shrub that forms under ground suckers, developing colonies over time. Use in woodland settings or mass plantings for a spectacular effect.	Full Sun to Part Shade	1-2'h x 1-2'w	Pink	May-June
Diervilla s. 'Cool Splash'	Cool Splash Dwarf Bush Honeysuckle	Dwarf form, bush, compact, corky barked plant. Excellent for hedges; brilliant fall color. Slow growing.	Full Sun to Part Shade	3-4' h x 3-4' w	Yellow	June-July
Euonymus a. 'Compactus'	Dwarf Burning Bush	This very compact, slow-growing dwarf burning bush was selected at the Bernheim Arboretum for its consistent pink-red fall color, excellent habit and form. Plant 'Rudy Haag' in full sun for best performance.	Full Sun to Part Shade	5-8' h x 5-8' w		
Euonymus a. 'Rudy Haag'	Rudy Haag Burning Bush	This shrub has large, round leaves displaying a wide golden-yellow edge. Excellent impulse appeal. Yellow fruit and orange seed are very showy and persistent. May be planted in sun or shade and adaptable to most soil types with the exception of heavy, wet soils. May be used for massing or for a spot of color.	Full Sun	4-5'h x 4-5'w		
Euonymus f. 'Roemertwo'	Gold Splash Euonymus	(First Edition Lotus Moon Pearlbush) White round flower buds open to 5 petalled flowers that cover 90% of the shrub in April & May. Prune after flowering	Full Sun to Part Shade	4-5' h x 3' w		
Exochorda x. micrantha 'Bailmoon'	Pearlbush	Starlet is a bright ball of yellow flowers in spring. This dwarf variety of forsythia is a mass of bright yellow spring flowers from base to tip.	Full Sun	4-5' h x 3-4' w	White	April-May
Forsythia 'Minier Semis'	Show Off Starlet Forsythia	A small shrub becoming a dense, rounded shrub at maturity. Creamy white fragrant flowers are produced in terminal spikes in spring. Prefers acid, peaty, but well-drained soil.	Full Sun to Part Shade	2-3' h x 2-3' w	Yellow	May
Fothergilla gardenii	Dwarf Fothergilla	Leaves emerge green in spring but quickly mature to an intense, striking powder blue. Leaves retain good blue color throughout summer, eventually changing to often brilliant shades of red, orange and yellow in fall.	Full Sun to Part Shade	2-3' h x 2-3' w	White	April-May
Fothergilla gardenii 'Blue Shadow'	Dwarf Fothergilla	Small ribbon-like yellow or slightly reddish, fragrant flowers open in early spring. Flowers open on warm days, close tightly when the temperature is low. Makes a good screen or unpruned hedge. Brilliant yellow fall color.	Full Sun to Part Shade	5-6'h x 4-5'w	White	April-May
Hamamelis vernalis	Vernal Witch Hazel	Upright shrub with large saucer shaped flowers that bloom from July until frost. Has dark pink flowers with a dark red eye. Valuable as a specimen plant. Prefers well-drained soil.	Full Sun to Part Shade	10' h x 10' w	Yellow	January-March
Hibiscus s 'Aphrodite'	Rose of Sharon	Semi-double pure white flowers are highlighted with a bold purple-red center. Blooms July-September with 3-4" diameter flowers. The intermediate size is good for smaller spaces and the summer blooms are a welcome sight when color is in short supply.	Full Sun to Part Shade	8-12' h x 6-10' w	Pink	July-October
Hibiscus s. 'Bali'	Rose of Sharon	Medium pink buds give way to semi-double flowers with a unique pattern, which slowly fades to light pink. A splash of deep red colors the center. The intermediate size is good for smaller spaces and the summer blooms are a welcome sight as the riot of spring color fades.	Full Sun to Part Shade	5-7' h x 4-7' w	White	July-October
Hibiscus s. 'Fiji'	Rose of Sharon	The only miniature Rose of Sharon available! Growing to only 3-4' tall, this unique little shrub creates many new landscape opportunities like mixed container and perennial beds. The pure white flowers are punctuated with a showy red eye and last for three days.	Full Sun to Part Shade	5-8' h x 4-7' w	Pink	July-October
Hibiscus s. 'Lil Kim'	Rose of Sharon	A true blue, it will bring to mind the color of waters in paradise. Large showy blossoms are a lovely blue accented with red-purple heart.	Full Sun to Part Shade	3-4' h x 3-4' w	White	July-October
Hibiscus s. 'Hawaii'	Rose of Sharon	Aptly named, this variegated hibiscus has blue green foliage with creamy white margins. Dark pink to lavender single flowers add to the show in summer. At 3-4' in height and width, this is a great feature plant for smaller gardens or in patio containers.	Full Sun to Part Shade	5-8' h x 4-7' w	Blue	July-October
Hibiscus s. 'Summer Ruffle'	Rose of Sharon	Gorgeous semi-double blooms will give you a feeling of the tropics from July till October. Deep pink-purple flowers are accentuated with a deep red center.	Full Sun to Part Shade	3-4'h x 3-4'w	Lavender	July-October
Hibiscus s. 'Tahiti'	Rose of Sharon	A superb improvement, with giant blooms that have roughly 4 times as many flowers as 'Annabelle'. The show begins in midsummer with huge round blooms clustered atop sturdy branches that are surrounded by medium green oval leaves. Cut back in spring to promote flowering on summer wood.	Full Sun to Part Shade	5-8' h x 4-7' w	Pink	July-October
Hydrangea a. 'Incrediball'	Incrediball Hydrangea	This showstopper explodes with Mophead blooms covering rounded, compact plants. Blooms mature to shades of purple or rosy red (depending on soil pH) extending the display into fall, followed by rich, burgundy-red foliage. Flowering occurs on both old wood and new growth on this variety, assuring flowers even after a severe winter.	Part Shade	4-5' h x 4-5' w	White	June-July
Hydrangea m. 'Bloomstruck'	Endless Summer Bloomstruck Hydrangea	The hydrangea will charm you with its pure white blossoms that mature to a blush-pink or blue depending on the soil acidity. Blooms all summer.	Part Shade	2-4' h x 3-4' w	Blue/Pink	June-October
Hydrangea m. 'Blushing Bride'	Endless Summer Blushing Bride Hydrangea	It's variegated green and white foliage coupled with beautiful pink or blue lace cap blooms makes 'Light-O-Day' shine. A spectacular addition to the landscape.	Part Shade	3-5' h x 3-5' w	White	June-October
Hydrangea m. 'Light-O-Day'	Light-O-Day Hydrangea	An absolutely extraordinary reblooming lacecap hydrangea. Lacy deep-pink centers are surrounded by gorgeous blossoms of pink or periwinkle blue on both old and new wood all summer long, depending on soil type. Sturdy red stems and glossy deep green leaves turn red-burgundy in fall to offer year-round interest in the garden. Do not cut this plant back in spring.	Part Shade	3-5' h x 3-5' w	Blue	June-August
Hydrangea m. 'Twist-n-Shout'	Endless Summer Twist-n-Shout Hydrangea	Reaching to just three feet tall, it will be engulfed by enormous creamy white flowers in summer, providing a nonstop show until frost. Blossoms are held upright on strong stems, and continue to grow and lengthen as they bloom. In fall, flowers may turn a pinkish hue. Without a doubt, Diamond Rouge® is the reddest H. paniculata on the market. This new variety has abundant, long lasting flowers on strong stems that start white and progress to pink, raspberry red and finally wine red. Flowers start blooming in July and take on red coloration earlier in the season than other pink paniculatas. Compared to Strawberry Sundae®, Diamond Rouge is slightly bigger and has distinct raspberry-red flowers that color earlier in the season.	Full Sun to Part Shade	3' h x 3-4' w	White	July-September
Hydrangea p. 'Bobo'	Bobo Hydrangea		Full Sun to Part Shade	4-5'h x 3-4'w	Red	July-September

Hydrangea p. 'Limelight'	Limelight Hydrangea	This Hydrangea has exquisite, bright, lime-green to cream flowers, as beautiful color that adds a much needed brightness to the late summer landscape. In autumn the blooms display shades of pink, burgundy and green. Excellent vigor and floriferous blooming. Prefers loamy, moist, well-drained soil. Flowers on new and old wood, can be pruned in winter or spring.	Full Sun to Part Shade	6-8' h x 5-7' w	White	August-September
Hydrangea p. 'Little Lime'	Little Lime Hydrangea	A dwarf form of the extremely popular Hydrangea 'Limelight', Little Lime has the same great flowers but is about a third the size of the original. Soft lime-green flowers mature of pink and burgundy in fall. Flowers on new and old wood, can be pruned in winter or spring. Like Quick Fire, it is early blooming, flowering about a month before other hydrangeas. White flowers transform to pink-red as summer progresses. This dwarf plant fits easily into any landscape, including container gardens.	Full Sun to Part Shade	3-5' h x 3-5' w	White	August-September
Hydrangea p. 'Little Quickfire'	Little Quickfire'	The large white panicles open in mid to late summer, and as summer turns to fall the florets at the base of the panicles turn pink. The flower panicles continue to grow, producing new white florets at the tip. The result is spectacular two-toned flower panicles that can reach up to 16 inches in length!	Full Sun to Part Shade	3-5' h x 3-5' w	Pink	May-August
Hydrangea p. 'Pinky Winky'	Pinky Winky Hydrangea	A Proven Winners Colorchoice flowering shrub. A very easy to grow Hydrangea with white flowers starting in May then turning pink and finally to a dark pink. Flowers on new and old wood, can be pruned in winter or spring.	Full Sun to Part Shade	6-8"h x 6-8"w	Pink	June-October
Hydrangea p. 'Quick Fire'	Quick Fire Hydrangea	Flowers emerge creamy white in mid-summer, change to pink and finally to strawberry red. The fantastic flower color lasts well into fall. With its compact habit, this hydrangea adds spectacular color and impressive flowers to small space gardens or containers.	Full Sun to Part Shade	3-4' h x 3-4' w	Pink	June-October
Hydrangea p. 'Strawberry Sundae'	Strawberry Sundae Hydrangea	Jetstream™ is a quantum leap in oakleaf hydrangea introductions with a dense, compact, non-flopping habit. The lustrous dark green foliage is resistant to leaf spot and turns a fantastic orange-red in autumn. Flowers, held high on strong stems, are a beautiful white aging to pink. Jetstream is a classic native flowering shrub for the garden, grouping and massing. Exfoliating tawny-brown bark adds winter interest, as do the dried flower heads.	Full Sun to Part Shade	4-5' h x 3-4' w	Pink	June-October
Hydrangea q. 'Jet Stream'	Oakleaf Hydrangea	Red Star™ is covered with yellow blossoms in spring and clusters of red berries each fall. Fill your fall garden and floral arrangements with red hips. Hypericum can be used as a specimen plant or in drifts where they can truly show off. Rust resistant and easy-to-grow. Bright golden-yellow flowers from June to mid-October. Excellent border plant. Treat as perennial in cold climates.	Full Sun	5-6'h x 4-5'w	White	June-October
Hypericum i. 'Kolmarst'	Red Star Hypericum	This mounded grower has silver-green foliage blanketed with 3/4" sunny yellow flowers in late spring and early summer. This zone 4-7 hardy specimen attains a height of 2-3' and a spread of 4-5'. In fall, the leaves transform to yellow, orange, and red and reveal an attractive exfoliating bark.	Full Sun	2-3'h x 2-3'w	Yellow	June-October
Hypericum f. 'Sunburst'	St. John's Wort	Blue Prince and Blue Princess Holly brilliantly combined in one container eliminates the need for two separate plants for pollination. Fruit color is darker red than many other varieties accentuated by dark shiny foliage.	Full Sun	2' h x 2-3' w	Yellow	June-October
Hypericum k. 'Cobalt n Gold'	St. John's Wort	This hardy broadleaf evergreen shrub has both male and female combined in one plant, eliminating the need for two separate plants for pollination. Rich, glossy, dark green holly foliage is accentuated by bright red berries that persist throughout the winter. Forms a compact upright shrub.	Full Sun	2-3' h x 4-5' w	Yellow	June-October
Ilex x. m. 'Blue Duet'	Blue Princess & Blue Prince Duet Holly	Blue Prince and Blue Princess Holly brilliantly combined in one container eliminates the need for two separate plants for pollination. Fruit color is darker red than many other varieties accentuated by dark shiny foliage.	Full Sun to Part Shade	12-15' h x 8-10' w		
Ilex x m. 'China Duet'	China Girl and China Boy Duet Holly	This hardy broadleaf evergreen shrub has both male and female combined in one plant, eliminating the need for two separate plants for pollination. Rich, glossy, dark green holly foliage is accentuated by bright red berries that persist throughout the winter. Forms a compact upright shrub.	Full Sun to Part Shade	8-10' h x 6-8' w		
Itea v. 'Little Henry'	Sweetspire	It prefers moist soils and will tolerate wet conditions. It will grow in full sun to full shade, and requires little pruning or other maintenance. Little Henry has lightly scented, pure white flowers that shoot like fireworks in the early summer horizon. Its mounded, compact stature makes it an improvement over older varieties such as the old favorite 'Henry's Garnet'.	Full Sun to Part Shade	24-36"h x 24-36"w	White	June-July
Kolkwitzia a. 'Dream Catcher'	Beautybush	Attractive golden yellow foliage gives this plant appeal long after the classic pink spring flowers are done Also, unique to this variety is its splendid golden-orange fall color.	Part Shade	6-9' h x 4-6' w	Pink	April
Leptodermis oblonga	Himalayan Leptodermis	A flowering sensation, this dainty gem displays fragrant violet-lilac-like blooms that blanket the deciduous shrub from late spring to frost. The beautiful blooms, along with a low mounding habit and medium green foliage make this a delight mixed in the front of the perennial border, rock garden or containers.	Full Sun to Part Shade	12-18" h x 12-18" w	Violet	May-October
Leucothoe f. 'Rainbow'	Fetterbush	Gracefully arching, striking red stems with colorful, creamy white and green mottled foliage with scarlet accents. Showy, drooping clusters of white flowers add a nice touch to cut arrangements. Effective as hedge, or clip to create an attractive groundcover. A beautiful, natural woodland companion to rhododendrons and ferns. Evergreen.	Full Shade to Part Shade	3-5'h x 3-5'w	White	May
Leucothoe f. 'Scarletta'	Fetterbush	This shrub will enhance landscapes with a display of colors throughout the season. Spreading, arching branches form a mound of dense, evergreen foliage. New leaves are deep scarlet maturing to lustrous dark-green. Fragrant, bell-shaped white flowers bloom in spring. An excellent upright deciduous shrub best used for informal, unclipped hedges. Bright golden foliage lasting all season, especially when planted in full sun. Plant with green-leaved plants for a pleasant contrast. Foliage takes on a purple-red tone in fall. Often semi-evergreen in mild winter climates.	Full Shade to Part Shade	3-4' h x 4-6' w	White	May
Ligustrum x vicaryi	Golden Vicary	This compact, prolific bloomer was selected at Bailey Nurseries for its dwarf habit and excellent flowering. The double white flowers are extremely fragrant.	Full Sun	8-10'h x8-10'w	White	May-June
Philadelphus x v. 'Miniature Snowflake'	Mockorange	This dwarf variety will add deep burgundy foliage color to any garden. Low maintenance shrub can be added to any garden as a specimen or a hedge. Disease and pest free.	Full Sun to Part Shade	2-3'h x 2-3'w	White	April-May
Physocarpus o. 'Little Devil'	Little Devil Ninebark	Improved variety with neat, compact branching and fine, deeply cut, dark crimson-red leaves. Requires little pruning. Pinkish-white flowers in midsummer show nicely against the foliage.	Full Sun	3-4' h x 3-4' w	White	June-August
Physocarpus o. 'Summer Wine'	Summer Wine Ninebark	Talk about flower power! This new Potentilla, bred at the Morden Research Centre in Manitoba, Canada has light yellow double flowers that might remind you of a rose. Blooms all summer on a tidy little plant that forms a round, compact ball with little pruning required.	Full Sun	5-6' h x 5-6' w	White	June-August
Potentilla f. 'Lemon Meringue'	Lemon Meringue Potentilla	Deep golden yellow 1" flowers produced for months on this small compact shrub.	Full Sun	2-3'h x 2-3'w	Yellow	June-August
Potentilla f. 'Fargo'	Dakota Spot Potentilla	This variety has striking bicolor flowers that display shades of orange and red radiating from the center of the flower petal over a base color of deep yellow. A tidy, compact mound and is at its best in full sun.	Full Sun	2-3' h x 3-4' w	Yellow	July-October
Potentilla f. 'MangoTango'	Mango Tango Potentilla	Candy Lights™ has intense lavender-purple blossoms and flowers earlier than most others in the Lights Series. It has also been shown to have improved vigor and mildew resistance. Prefers full sun to light shade and an acidic soil.	Full Sun	2' h x 2' w	Yellow	July-October
Rhododendron 'Candy Lights'	Candy Lights Azaela	An extremely hardy selection that provides a massive display of bright, mandarin orange blooms in the spring before the foliage emerges. The small mounding form with lustrous green foliage is excellent for use as an accent plant, or for mass plantings and shrub borders. Deciduous.	Full Sun to Part Shade	3-4'h x 3-4'w	Pink	May-June
Rhododendron 'Mandarin Lights'	Mandarin Lights Azaela	Flowers of medium size in beautiful shades of light to deep pink. Prefers light shade, but also does well in full sun. Plants are reliably hardy with flower buds surviving -40°F.	Full Sun to Part Shade	4-5'h x 3-4'w	Orange	April-May
Rhododendron 'Northern Lights'	Northern Lights Azaela	One of the hardiest Rhododendrons for the upper Midwest. Masses of mauve flowers bloom in spring putting on a spectacular show. An evergreen, with glossy green foliage throughout the growing season, changing to pleasing purple in the fall. Needs acid, moist, well drained soil.	Full Sun to Full Shade	4-5' h x 5-6'w	Pink	April-May
Rhododendron 'P.J.M.'	P.J.M. Rhododendron	A dense, slow-growing, dwarf shrub with azalea-like, evergreen foliage. Highly prized for its unusual purplish-blue flowers. Desirable for its small size. Some protection from winter is helpful.	Full Sun to Full Shade	3-5' h x 6-8' w	Pink	April-May
Rhododendron x. 'Purple Gem'	Purple Gem Rhododendron	Excellent for mass beds and back control, this low growing sumac has fragrant small yellow flowers in spring followed by velvety red fruit. The fall foliage is spectacular scarlet-red to orange. Best when planted in full sun.	Full Sun to Full Shade	2-3' h x 2' w	Purple	April-May
Rhus a. 'Gro-Low'	Gro-Low Fragrant Sumac	A beautiful golden leaved form of Cutleaf Staghorn Sumac. New growth is lively chartreuse green, quickly changing to yellow, both colors contrast nicely with the rosy-pink leaf stems. The branches angle upward while the deeply cut leaflets drape downward, giving it a rather oriental look.	Full Sun to Part Shade	2-3' h x 6-8' w	Yellow	April
Rhus t. 'Tiger Eye'	Tiger Eyes Cutleaf Staghorn Sumac		Full Sun	6' h x 6' w		

Salix l. 'Hakuro Nishiki'	Dappled Willow	A lovely small shrub with pink stems and buds that open to dappled green, pink and white foliage. Some leaves will be all white. The stems are graceful and spreading. Best in partial shade. Fast growing to 15-20' high and wide, though it can be easily maintained with vigorous pruning.	Full Sun to Part Shade	4-6' h x 4-6' w		
Salix p. 'Blue Artic Willow'	Blue Artic Willow	This attractive plant is popular for its steel-blue foliage and fine textured twigs that are purplish in the winter, adding interest in the winter landscape. Good plant for wet areas or for stabilizing stream banks. Makes an attractive hedge.	Full Sun	3-4'h x 3-6'w		
Sorbaria s. 'Sem'	Ash Leaf Spirea	Large plumes of creamy white flowers in June with pretty fern-like foliage. Best for naturalizing where it can be allowed to spread. Mass for erosion control. Prefers moist, well-drained, organic soil.	Full Sun to Part Shade	3-4' h x 4-5' w	White	July-August
Spirea b. 'Glow Girl'	Glow Girl Birchleaf Spirea	Buds with hints of red in them open to white spring flowers. Sunny yellow foliage holds its color well, and the full, compact habit is very attractive. Also, it doesn't burn in the summer and has great fall color.	Full Sun to Part Shade	3-5' h x 3-4' w	White	April-June
Spirea b. 'Pink Sparkler'	First Edition Pink Sparkler Birchleaf Spirea	Beautiful pink flowers emerge in early summer and then re-bloom in fall. As an added bonus fall flowers appear down the stem, giving an even fuller appearance and pop of pink. The leaves also turn a lovely burgundy red in autumn.	Full Sun to Part Shade	3-4' h x 3-4' w	Pink	May-June
Spirea j. 'Double Play Candy Corn'	Double Play Candy Corn Spirea	The show starts in earliest spring, when the new growth emerges bright candy apple red. As it matures, it turns pineapple yellow, and the new growth continues to emerge bright orange all season. Top it off with dark purple flowers in late spring/early summer, and you've got a display you really have to see to believe	Full Sun to Part Shade	18-24"h x 18-30"w	Purple	May-June
Spirea x. b. 'Superstar'	Superstar Spirea	This variety of Spirea is smaller and more compact. New foliage is stunning, scarlet red. Pink blossoms grace that plant all summer long. The three season appeal continues with excellent bronze fall color.	Full Sun to Part Shade	2-3' h x 3-4' w	Pink	May-September
Spirea x. v. 'Renaissance'	Renaissance Bridalwreath Spirea	Selected for increased resistance to foliar disease, this graceful shrub features a massive display of pure white flowers and colorful orange-red fall color. Very attractive as a specimen plant or in mass plantings. Tolerates wide range of soil conditions and is very cold hardy.	Full Sun to Part Shade	5' h x 5' w	White	April-May
Symphoricarpos x. d. 'Candy'	First Editions Sweet Sensation Coralberry	Plump, rose-pink berries ripen in early fall. As the leaves drop in autumn, each arching stem is adorned with the decorative berries that remain on the slender branches all winter. Suitable for a more prominent place in the front of the border. Especially pretty dusted with snow.	Full Sun to Part Shade	3' h x 3' w	Pink	May-June
Syringa m. 'Dwarf Korean'	Dwarf Korean Lilac	Unusual dwarf variety with excellent, uniform habit. Reddish-purple buds open to single, whitish-pink, fragrant flowers. Profuse bloomer at an early age. Slow growing.	Full Sun	4-5' h x 5-7' w	Pink	May
Syringa p. 'Miss Kim'	Miss Kim Lilac	This hardy Lilac from Korea has purple buds that open to single, fragrant, pale lilac flowers when other lilacs have finished. Beautiful burgundy-red fall color. Slow growing.	Full Sun	5' h x 3-6' w	Purple	May
Syringa x. 'Bloomerang'	Bloomerang Lilac	Enjoy classic Lilac fragrance for months instead of weeks! This revolutionary new type of lilac blooms in spring, and after a short rest during the heat of summer, it flowers again, right up until frost. Compact, mounded shape fits easily into any landscape, and is ideal as a hedge or foundation planting.	Full Sun	4-5' h x 4-5' w	Purple	May-August
Syringa x. 'Tinkerbell'	Tinkerbelle Lilac	An abundance of flowers, scent and form. Deep red buds appear in spring, opening to 5-inch long panicles of gloriously pink flowers in mid to late spring.	Full Sun	5-6' h x 4-5' w	Pink	May
Syringa x 'Virtual Violet'	Virtual Violet Lilac	With shiny violet new leaves, deep purple stems, raspberry-purple buds and fragrant violet flowers, Virtual Violet® is aptly named. Leaf petioles remain violet well into the summer. The habit is upright instead of rounded and compact.	Full Sun	6-8'h x 5-7'w	Violet	May
Viburnum d. 'Christom'	Blue Muffin Arrowwood Viburnum	Loads of white flowers in spring followed by rich blue berries lovely by birds. Great for low hedges, foundation plantings or for containers. Moderate grower.	Full Sun to Part Shade	3-5' h x 3-5' w	White	May-June
Viburnum o. 'Roseum'	Common Snowball Viburnum	Masses of pure white snowball-like flower cluster make a showy display in summer. Bright green leaves have a purplish-red fall coloring.	Full Sun to Part Shade	10-12' h x 10-12' w	White	April-May
Viburnum o. 'American Cranberry'	American Cranberry Bush	It features lacecap white flowers in spring in flat-topped 3" wide cymes of tiny fertile florets surrounded by larger sterile florets, drooping clusters of cranberry-like red berries (drupes) in fall and three lobed, maple-like, dark green leaves. The berries (drupes) are edible fresh off the shrub, and are much less bitter than those berries found on V. opulus. Berries are sometimes used to make jams and jellies. Fruits tend to shrivel after frost. Foliage turns a sometimes attractive purplish red in fall.	Full Sun to Part Shade	8-12'h x 8-12' w	White	May-June
Viburnum p. 'Opening Day'	Opening Day Doublefile Viburnum	Compact plants are covered with, baseball size, snowball-like flowers that open with a tinge of green and quickly mature to pure white. Plants are tight in habit with dark green foliage that turns beautiful shades of cabernet in the fall.	Full Sun to Part Shade	5-10'h x 5-8'w	White	May-June
Viburnum t. 'Bailey Compact'	Bailey Compact Cranberry Viburnum	Rounded, compact shrub with beautiful, green foliage which turns deep red in autumn. Superb as a hedge or as a specimen.	Full Sun to Part Shade	4-5' h x 3-4' w	White	May-June
Viburnum x c. 'Cayuga'	Cayuga Viburnum	Produces abundant blooms with pink buds that one to white flowers in May. Dark green, shiny, medium textured foliage during summer. Rounded, dense shrub with stiff upright branches. Very fragrant.	Full Sun to Part Shade	4-6' h x 4-5' w	White	May
Viburnum x. juddii	Juddii Viburnum	Wonderfully fragrant blooms in spring and a full rounded form make this shrub a standout in the landscape. Large, rounded blooms are followed by highly ornamental berries. Autumn fruits are red black. Foliage turns purple red in the fall.	Full Sun to Part Shade	6-8' h x 6-8' w	White	May-June
Weigela f. 'My Monet'	My Monet Weigela	Colorful green, pink and white foliage provides long season interest while the bright pink blooms in spring are the icing on the cake. Loads of hot pink flowers in May are followed by waves of blooms until frost. No deadheading is needed to see strong reblooming through summer and fall.	Full Sun	12-18" h x 18-24" w	Pink	May-June
Weigela f. 'Pink Sonic Bloom'	Pink Sonic Bloom Weigela	Even before the first flowers appear, Rainbow Sensation will brighten your garden with its attractive, variegated foliage. Dense clusters of soft pink flowers bloom profusely in May.	Full Sun	4-5' h x 4-5' w	Pink	April-September
Weigela f. 'Rainbow Sensation'	Rainbow Sensation Weigela	The lipstick red flowers are remarkable enough to make this a choice selection, but a burst of flowers in May followed by waves of rebloom until frost make it a must-have shrub. Deadheading is not needed to keep the plant blooming.	Full Sun	3-4' h x 3-4' w	Pink	May-June
Weigela f. 'Red Sonic Bloom'	Red Sonic Bloom Weigela	Attractive burgundy foliage offers months of blooming. Pink funnel shaped flowers are present in May through June and sporadically throughout summer. Very fast grower.	Full Sun	4-5' h x 4-5' w	Red	April-September
Weigela f. 'Shining Sensation'	Shining Sensation Weigela	Its hot pink-magenta flowers are similar to those of Wine & Roses, but this is a smaller plant that is wider than it is tall. Its foliage, a dark black-purple with an attractive wavy margin, will not fade to green like some older selections. The tubular flowers are adored by Hummingbirds!	Full Sun	5' h x 6' w	Pink	May-June
Weigela f. 'Spilled Wine'	Spilled Wine Weigela	This cultivar holds its red flower color as the blooms age rather than taking on a purplish tint which often happens with other varieties. 'Red Prince' may bloom again in late summer, particularly if the spring bloom was sparse.	Full Sun	1-2' h x 2-3' w	Pink	May-June
Weigela f. 'Red Prince'	Red Prince Weigela		Full Sun	5-6' h x 5-6' w	Red	May-June
Evergreens						
Chamaecyparis p. 'Dow Whiting'	Soft Serve False Cypress	Evergreen with soft, bright green leaves flecked silver blue underneath. Compact. Elegant soft texture. Deer resistant.	Full Sun	6'-10'h x 6-7'w		
Juniperus c. 'Blueberry Delight'	Blueberry Delight Juniper	Blueberry Delight' has attractive powder blue foliage with silver stripes. The needles are ornamentally significant and turn coppery-bronze in fall. The flowers are not ornamental. It features an abundance of magnificent cones that look like blueberries from late spring right through to late winter. Birds go crazy for them. Perfect for massing in the landscape. Deer resistant.	Full Sun	1-2' h x 3-5' w		
Juniperus c. 'Gold Cone'	Gold Cone Juniper	This dwarf evergreen makes a strong vertical statement in the landscape with its canary-yellow tipped foliage. Female plants bear the bluish-gray Juniper berries.	Full Sun	3-5' h x 2-3' w		
Juniperus sq. 'Blue Star'	Blue Star Juniper	A low, rounded, squat plant, about as broad as it is high. Juvenile foliage is a rich blue turning to silver-blue as the plant matures. High humidity and hot summer nights may affect the foliage color. Slow grower.	Full Sun	3' h x 3-4' w		

Juniperus x. 'Daub's Frosted'	Daub's Frosted Juniper	Golden yellow, frosted foliage tips create a striking contrast with the pendulous, blue green mature foliage. A good selection for mass plantings or a groundcover for hot, dry banks.	Full Sun	15' h x 5' w
Microbiota decussate	Russian Cypress Tree Form	Graceful, densely branched evergreen now in tree form. Feathery foliage is bright green in summer turning bronze in winter. Grows in both full sun and full shade.	Full Sun to Full Shade	3' h x 3' w
Picea a. 'Nidiformis'	Bird's Nest Spruce	A beautiful dwarf, spruce, broad, dense and very slow growing. Light green foliage on spreading branches rises up slightly with nodding tips. Tight, many layered branches create nest-like compact form, requires little maintenance. Very hardy and wind resistant. Slow growing.	Full Sun	3-5' h x 4-6' w
Picea a. 'Pumila'	Dwarf Norway Spruce	Pumila Norway Spruce has dark green foliage which emerges light green in spring. The needles remain dark green through the winter. Neither the flowers nor the fruit are ornamentally significant. The smooth gray bark is not particularly outstanding.	Full Sun	2-4'h x 3-5'w
Picea glauca 'Densata'	Black Hills Spruce	A highly desirable, naturally symmetrical cone-shape with a denser, more compact habit than the white spruce, making it very resistant to winter injury. New bright green foliage matures to blue-green. Provides winter cover, nesting sites and forage for wildlife. Fantastic as a landscape accent, or in groupings as a windbreak or screen. Evergreen.	Full Sun	25'h x 15'w
Picea pungens	Colorado Blue Spruce	This beautiful spruce varies in color from gray-green to blue-green. A broad, pyramidal shaped evergreen. The dense foliage needs little shearing. Excellent specimen, hedge or wind break. Likes fully exposed, well-drained locations. Best in full sun.	Full Sun	60' h x 10-20' w
Picea p. 'Fastigiata'	Columnar Blue Spruce	Blue new growth turns silvery-blue with age. A truly unique specimen that provides year round garden interest. Slow growing and very low maintenance. Great for confined spaces or as a screen.	Full Sun	15' h x 2-3' w
Picea p. 'Glauca Slenderina Pendula'	Slenderina Weeping Blue Spruce	More upright than prostrate, this blue spruce has a graceful upward, yet weeping habit and strong electric blue color. Average growth rate is 8-10" per year; no pruning or shaping is required.	Full Sun	15-18' h x 10-15' w
Picea p. 'Glauca Globosa'	Globe Blue Spruce	Compact round to mound shaped with beautiful blue foliage. Valuable as a specimen plant.	Full Sun	3-5' h x 5-6' w
Pinus f. 'Vanderwolf's Pyramid Limber Pine'	Vanderwolf's Pyramid Pine	Distinctive, pyramid shaped pine with long, twisted silvery blue-green needles displayed on dense branches. A superior selection for lawn specimen and accent. Resistant to insects and disease.	Full Sun	20-25' h x 10-15' w
Pinus mugo pumilio	Mugo Pine	dwarf, bright green color in all seasons. Attractive mounded shape that can be maintained by pruning. Especially nice in early summer when new 'candles' of growth appear. Very hardy and rugged.	Full Sun	3-5' h x 3-6' w
Taxus x. m. 'Densiformis'	Dense Spreading Yew	Broad spreading Yew with a dense, upright habit. Rich, dark green foliage. Medium fast-grower.	Full Sun	4-6' h x 4-5' w
Taxus x. m. 'Citation'	Citation Yew	This upright evergreen features dark green foliage on a very narrow, columnar form. Ideal for use as a screen or hedge in a shaded to partially shaded location. Shape easily maintained by pruning or shearing. Required good soil drainage.	Full Sun	6-10' h x 3-6' w
Thuja o. 'Technito'	First Edition Technito	Technito has the attractive dark green color of 'Techny' and retains it through winter just as well. This cultivar, being noticeably more dense, is an improvement because it will require less shearing.	Full Sun to Part Shade	6' h x 30" w
Thuja o. 'Mr. Bowling Ball'	Mr. Bowling Ball Arborvitae	An excellent choice for low-maintenance landscape. This versatile, perfectly round evergreen can be used in borders, rock gardens, to enhance foundation plantings or highlighted as a specimen. The foliage varies dramatically from more common arborvitae. Soft, finely textured needles are sage green and almost feathery. Prefers well -drained soils and full sun but tolerates some shade.	Full Sun to Part Shade	2-3' h x 2-3' w
Thuja o. 'Fire Chief'	Fire Chief Arborvite	A nearly perfectly globe-shaped shrub with fine, bright golden spring foliage and fantastic deep red fall color. This sport of the popular Rheingold has deeper color and is less prone to splitting. A slow-growing, low maintenance evergreen perfect for massing in a landscape foundation or as a rock garden specimen.	Full Sun	4'h x 4'w
Thuja o. 'Golden Champion'	Golden Champion Arborvitae	Golden Champion Arborvitae has attractive yellow foliage which emerges gold in spring. The scale-like leaves are ornamentally significant and turn harvest gold in fall. Neither the flowers nor the fruit are ornamentally significant. The shaggy indian red bark is not particularly outstanding	Full Sun	7'h x 5'w
Thuja o. 'Hetz Midget'	Hetz Midget Arborvitae	Small evergreen shrub has dense, globe shaped growth habit. Rich green needles are arranged in flat layered sprays. The compact form makes this a popular accent plant for mixed borders or containers. Very adaptable, tough, durable plant.	Full Sun to Part Shade	3-4' h x 3-4' w
Thuja o. 'Highlights'	Highlights Arborvite	Exceptional new variety with intense, yellow-gold foliage. Better than others, because it holds its bright color year-round, even through winter. Thrives in summer heat without burning, if watered regularly. Tight, upright pyramidal form becomes conical with age. Excellent garden specimen or hedging shrub.	Full Sun to Part Shade	8-12' h x 4-5' w
Thuja o. 'Holmstrup'	Homstrup Arborvite	This densely branched, narrow conical evergreen has a neat, formal appearance. Effective landscape accent, windbreak or screen. Creates an attractive frame when planted in pairs.	Full Sun to Part Shade	5-7' h x 2-3' w
Thuja o. 'Smaragd'	Emerald Arborvitae	Narrow, compact pyramidal form with bright lustrous emerald green foliage in vertical sprays. Does not discolor like many forms; excellent heat tolerance and very cold hardy. Slow to moderate grower.	Full Sun to Part Shade	10-15' h x 3-4' w
Thuja p. 'Groveplf'	Spring Grove Arborvitae	A superior selection with dark green, glossy foliage that maintains its color well even in winter. Perfect for creating privacy, Spring Grove is a fast growing, well-behaved hedge or screen. It has also resistance to deer browsing. Prefers full sun to partial shade and is adaptable to many soil types.	Full Sun to Part Shade	18-24' h x 3-6' w

Vines

Actinidia kolomikta	Kolomikta Vine	A colorful vine with heart-shaped, pink, green and white variegated leaves. Some are half pink or cream and others are green, others may have pink or cream tips. Male form of the Kolomikta vine.	Full Sun to Part Shade	12-15' h
Aristolochia durior	Dutchman's Pipe	Vigorous, twining vine. Large, heart-shaped to rounded, dark green leaves. Grows flat against a trellis. Offers dense shade. Flowers brown, small, usually hidden by the leaves, resembles Meershaum pipe, hence the name. Sun or shade.	Full Sun to Full Shade	30'h Brown
Campsis r. 'Stromboli'	First Edition Atomic Red Trumpet Vine	Dark red buds open into red-orange trumpet-like flowers which deepen in color as they mature to an incredibly bold red. Tubular flowers are larger than other varieties. A vigorous vine will climb on stone or wood work.	Full Sun to Part Shade	30-40' h Red August-September
Celastrus s. 'Bailumnn'	First Editions Autumn Revolution Bittersweet	A revolutionary breakthrough in Bittersweet culture. Imagine never having to wonder if you're buying a male or female plant again? The majority of the flowers are perfect, meaning that the flower itself has both male and female parts. In other words you only need one plant! Beautiful orange to red fruit in early fall.	Full Sun to Part Shade	15-25' h White August-September
Clematis 'Asao'	Asao Clematis	4-5" deep rosy-pink flower with white center bar on each petal. Very free flowering in spring with attractive seed heads. An outstanding Clematis from Japan. Pruning type 2.	Full Sun to Part Shade	6-8'h Pink May-June & August-September
Clematis 'Boulevard Giselle'	Boulevard Giselle Clematis	Beautiful deep pink blooms fade out to a pale pink with dark contrasting stamens. Compact bushy habit is ideal for growing in containers on a patio or in small space gardens. Long flowering period from late spring through summer.	Full Sun to Part Shade	3-4' h Pink May-September
Clematis 'Boulevard Samaritan Jo'	Boulevard Samaritan Jo Clematis	The striking white blooms with light purple margins along the edges form a bright clean color combination to match the dynamic form. The vigorous Samaritan Jo™ flowers for 6 months, contributing a staple of elegance and purity that complements so many other species.	Full Sun to Part Shade	4-5' h White May-September
Clematis 'Boulevard Zara'	Boulevard Zara Clematis	This prolific, compact climber offers large, lilac-blue flowers over a long bloom season. Supplies easy, colorful vertical interest to any garden fence or trellis, or shrub beds if allowed to meander. Smaller stature makes this a great choice for a container on patio or veranda.	Full Sun to Part Shade	4-5' h Lt Blue May & September
Clematis 'Corrinne'	Corrinne Clematis	This beautiful clematis has white flowers with ruffly edges and a pink/violet stripe on each petal. This compact, heavy bloomer is great for patio containers as well as the garden. It can be grown in full sun to partial shade making it a great addition. It grows to a height of 6 and blooms June through August. Pruning type 2.	Full Sun to Part Shade	4-6'h White May-July
Clematis 'Diamantina'	Diamantina Clematis	This is a double-flowered Clematis, with blooms up to 6 inches wide, that flowers very heavily in early season, then repeats more modestly in summer and fall. The flowers seem to last forever, and the plant is compact enough for containers.	Full Sun to Part Shade	8-10' h Blue May & September

Clematis 'Happy Jack'	Happy Jack Clematis	Velvety plum-purple flowers with intriguing center highlights and bright yellow stamens characterize this version of the ever-popular 'Jackmanii' clematis. This early and long-flowering beauty blooms from mid-summer into fall, and is noted for its intense purple flower color and large (3-5" blooms). It flowers on new wood and old wood so you simply prune it back to 2 feet each spring.	Full Sun to Part Shade	6-8'	Purple	June-August
Clematis 'Jackmanii'	Jackmanii Clematis		Full Sun to Part Shade	7-10'	Purple	July-September
Clematis 'Jolly Good'	Jolly Good Clematis	Jackmanii' features profuse, 5-7", open, four-sepaled, violet-purple flowers cover this vine in mid to late summer. Abundant light purple flowers with magenta undertones cover this clematis all summer long. Creamy white stamens provide charming contrast. This Jackmanii hybrid is a vigorous grower, yet maintains a nice compact size that is perfect for training on fences or trellises. It flowers on new wood so you simply prune it back to two feet each spring.	Full Sun to Part Shade	6-8'h	Purple	May-July
Clematis 'Pink Mink'	Pink Mink Clematis	Easy to grow and lots of flowers, that's the hallmark of Szczepan Marczyński's breeding. Pink Mink™ hits the mark head on with an abundance of bright pink-on-pink blooms from early summer to early fall.	Full Sun to Part Shade	9-10'h	Pink	May-June & August-September
Clematis 'Rebecca'	Rebecca Clematis	Massive 5- to 7-inch blooms in a shade of magenta-red seldom seen in nature cover this climber not once but twice a season.	Full Sun to Part Shade	6-8' h	Red	May & September
Clematis 'Sweet Autumn'	Sweet Autumn Clematis	Handsome climbing vine displays billowy masses of fragrant flowers against leathery dark green leaves. Grows rapidly in warm temperatures, its twining stems quickly covering fences, arbors and sheds. Flowers emerge late summer to fall, followed by silvery seed	Full Sun to Part Shade	20'	White	July-September
Clematis 'Sweet Summer Love'	Sweet Summer Love Clematis	Vibrant shades of lush cranberry/violet in hundreds of starry blossoms. Imagine! A Sweet Autumn Clematis in new colors and blooming earlier and longer. Flowers emerge deep red, turn to purple red, and then mature to violet. A spectacular fall show. Proven Winners®	Full Sun to Part Shade	12'	Purple	July-September
Hydrangea a. petiolaris	Climbing Hydrangea	One of the best vines for clinging to brick or stone walls. The white flowers are produced in flat-topped corymbs in late June or early July, 6-10" in diameter with a sweet fragrance. Does well in sun or shade.	Part Sun to Full Shade	15-25' h	White	June-July
Lonicera reticulata 'Kintzley's Ghost'	Kintzley's Ghost Honeysuckle	Showy yellow flowers cover the vine in June with the distinctive appearance of eucalyptus-like bracts. The vine is easy to grow and is undemanding, requiring only average garden loam and moderate irrigation. The unusual and distinctive appearance makes this a "must have" for gardeners wanting something new and different.	Full Sun to Part Shade	8-12'h	Yellow	June-August
Lonicera x. b. 'Dropmore Scarlet'	Dropmore Scarlet Honesuckle	Long blooming season of showy tubular flower clusters backed by attractive blue green foliage. Handsome, dense vine for fences, arbors, even as a groundcover. Long lasting red berries follow the blooms.	Full Sun to Part Shade	10-20'	Red	June-August
Lonicera x. h. 'Goldflame'	Goldflame Honeysuckle	Woody vine valued for its rosy-red and yellow flowers from June until frost. Fragrant flowers continue as new growth develops. Attractive oval blue-green foliage on purplish-red glabrous stem. Shade tolerant.	Full Sun to Part Shade	10-20' h	Yellow	June-October
Parthenocissus q. 'Engelmannii'	Engelman Ivy / Virginia Creeper	Self-cleaning green foliage turning scarlet-red in fall with black-blue fruit in September. Vigorous grower.	Full Sun to Part Shade	30' h		
Wisteria m. 'Betty Mathew'	First Editions Summer Cascade Wisteria	Sweetly fragrant lavender-blue flowers appear in June. Most floriferous in full sun. Perfect for training on arbor or pergola.	Full Sun to Part Shade	15-25' h	Purple	May

Fruits

Apple

Colonade Maypole		An exciting new columnar type of tree that grows straight up with many narrow side branches. The fruit is borne on branches as well as the main leader. The incredibly unique form will allow those with the smallest of yards with just two square feet of space. Mainly a	Full Sun	8-10' h x 2' w
Honeycrisp		An exciting apple that is exceptionally crisp and juicy. Flavor is sweet but well-balanced. Excellent storage life, up to 7 months. Has been rated equal to or higher in overall quality. Ripens in late September. Needs a pollinator.	Full Sun	20' h x 15' w
Snow Sweet		Another example of the University of Minnesota's expertise in the development of cold hardy apple varieties. A cross between 'Sharon' and 'Connell Red', 'SnowSweet' has a deliciously sweet, slightly tart taste. Slow to oxidize when exposed to air. 'Honeycrisp' is a good pollinator. Above average resistance to scab and fire blight.	Full Sun	12-16'h x 10-14'w
Triple Play Mid		Three mid-season blooming apple trees in one container to form a clump. Enjoy 'Honeycrisp', 'Sweet 16' and 'Cortland' for eating or cooking. No pollinator needed.	Full Sun	20' h x 15' w
Triple Play Late		Three late-season blooming apple trees in one container to form a clump. Enjoy 'Fireside', 'Haralred' and 'Honeygold' for eating and cooking. No pollinator needed.	Full Sun	20' h x 15' w

Asparagus

Purple Passion		Tender spear are a beautiful deep burgundy in color. More tender, mild and sweet than standard varieties. Vigorous and productive, producing spears ready for harvesting a year earlier than most varieties.	Full Sun

Berries

Chester Thornless	Blackberry	Medium to large berries are deep black, round and very sweet. This is a high quality and high yielding variety. Will not soften of loose its color in high heat. Late ripening.	Full Sun	
BrazelBerries Blueberry Glaze	Blueberry	A new compact, boxwood-like variety with nutrient-rich bundles of berries! White with pink bell-shaped flowers produce an abundant summer crop of small, dark fruit with an intense wild blueberry flavor. A superb garden accent or clipped hedge. Perfect on the patio in	Full Sun	
BrazelBerries Jelly Bean	Blueberry	This new cold-hardy little gem produces bumper crops of large, delicious berries in mid-summer, with super sweet flavor like homemade blueberry jelly. Rich green foliage is often tinted with radiant red along the edges and tips of its uniquely elongated leaves.	Full Sun	
BrazelBerries Peach Sorbet	Blueberry	Award winning compact blueberry is a four-season showstopper! White bell-shaped flowers produce a bounty of delicious, sweet blueberries. Colorful leaves range from emerald green to peachy pink and orange. Evergreen in most climates, with rich eggplant purple	Full Sun	
Pink Lemonade	Blueberry	A new pink blueberry provides year-around interest. Pinkish-white, bell shaped blooms in spring followed by pale green fruit that turns deep pink for harvest. Glossy and firm, the fruit has a mild, sweet flavor. In fall the leaves turn orange fading to deep red, dropping to	Full Sun	
BrazelBerries Raspberry Shortcake	Raspberry	This dwarf, thornless red raspberry has an endearing, rounded growth habit and thrives in a large patio pot or in the landscape. It will nicely fill out any container, and requires no staking! Spreads slightly in the landscape. Self fertile, yielding large, nutritious, super sweet	Full Sun	
Bristol	Raspberry	Fruit is black and large with attractive fairly glossy skin. Berries have excellent quality, good flavor and ripen in midseason. Good for canning and freezing.	Full Sun	
Ozark Beauty	Strawberry	'Ozark Beauty' produces a ridiculously steady supply of luscious berries from spring until the first frost. The fruit is big, bright red clear through, eminently juicy and deliciously sweet — the quality of these beauties is unmatched.	Full Sun	6-8"h x 18" w

Cherry

Bing		Black Cherry. Solid flesh with high quality flavor. Pollinate with Stella. Mid-June ripening date.	Full Sun	15-25' h x 15' w
Black Tartarian		Fruit is large, bright purple-black; tender, juicy and very rich. Vigorous, erect grower, heavy bearer. Pollinate with 'Stella' or 'Bing'. A beautiful perennial plant that is easy to grow and sends up long stems of white flowers in early to mid summer. The roots are generally dug in the fall, grated and mixed with vinegar. Jars will keep in the refrigerator for months.	Full Sun	15-25' h x 15' w

Horseradish

Peaches		One of the finest early peaches. Colors a beautiful red and golden yellow. Flesh is firm, smooth textured and fine flavored. Fruit is medium size, round, uniform and appealing. Good for freezing, canning and shipping. Disease resistant. One of the hardiest peaches.	Full Sun	15-20' h x 12' w
---------	--	---	----------	------------------

Redhaven

Saturn	These distinctively shaped 'Donut' peaches. Tender, white flesh has a mild, sweet flavor. Freestone. Ripens in August.	Full Sun	10-15' h x 10' w
<u>Pears</u>			
Summercrisp	Blooms in May. The fruit should be harvested in mid-August when crisp and still green with a red blush. Fruit harvested at that time is sweet and crisp, and may be stored up to 2 months. Use either 'Parker' or 'Patten' as pollinator.	Full Sun	25' h x 20' w
<u>Plums</u>			
Black Ice	Black Ice is a cross between a cherry plum and a conventional Japanese dessert plum resulting in a large fruit with superior winter hardiness and an early ripening date. Fruit size and yield is comparable to popular conventional cultivars, however, the ripening date is	Full Sun	8-12' h x 10-12' w
<u>Rhubarb</u>			
Chipman's Canada Red	Light green foliage and bright red stems highlight this popular garden vegetable that is as ornamental as it is delicious. It's a long-lived perennial that will grow up to 18 inches in height with a 24 inch spread. It grows in a full, mounded form with a lush and vibrant	Full Sun	4' h x 3' w
